

## Several Gifts To City Made By Canyon Lions

### Blasts Wasteful Spending

# Rogers Record Hit

Canyon Lions Club Friday handed over a \$200 check to the city to be used toward purchasing a portable resuscitator for the newly formed Emergency Unit of the Canyon City Fire Department.

Bill Wilson, Lions Club Chairman of the Community Betterment Committee said the resuscitator, which helps restore breathing to accident and heart attack victims, will be the only portable unit in the area.

"Neblett Hospital has one but it isn't portable and can't be used at the scene of an accident," he added. LaGrone ambulances carry oxygen respirators but these sometimes fail to revive persons who have stopped breathing, he declared. "The new resuscitator will be the finest portable one available," he said. "It will cost about \$600."

City Manager Bill York said in addition to the resuscitator, the city and members of the city volunteer fire department are jointly in the process of advertising for bids for a new station wagon to make the department's new Emergency Unit mobile.

York emphasized that while the city is paying half the cost of the new rescue wagon, the volunteer firemen are paying their half out of their pockets. "Canyon is lucky to have so civic-minded a group," he added.

The new Emergency Unit will be especially valuable in such cases as the near-drowning last summer at Palo Duro Canyon State Park.

Wilson said Dr. J. Manly Bryan, another member of the

Lions, has offered to instruct the volunteer firemen in life-saving techniques and the proper use of the resuscitator.

Wilson said the Lion's Club has given more than \$980 this year for various community betterment projects. Among the projects is the donation of 42 cross-arm type street markers similar to the ones in Pioneer Estates Addition, he added.

Wilson said the 4-way aluminum street markers will be erected on 2 inch thick steel

posts at street intersections along U.S. Highway 87 through Canyon and along fourth Avenue from 4th Street to 28th Street. The Lions Club emblem will be atop each pole, he added. Cost of the markers will be about \$560.

Wilson said still other projects the Lions are handling include the donation of \$200 to the Babe Ruth League of Canyon and \$20 to the American Legion to help send an area boy to Boy's State in Austin this year.

## Scout Drive Kickoff Is Scheduled Oct. 22

The Annual Boy Scout Finance Campaign will be kicked-off at a luncheon to be held Monday October 22, according to Joe Gibson, campaign chairman.

"Our goal for this campaign is to contact 650 people in Canyon and give them an opportunity to invest in this worthwhile youth program, in the amount they would like to invest and can afford to invest," he stated.

The Majors in this year's campaign are Mrs. Lee Roy Moreland, Mrs. Robert Jarrett, Joe H. Gidden, Wesley Cox, O.W. Parker, and Clark Jarnagin.

These six will recruit five captains each and this group will meet in the high school cafeteria Monday October 15 at 10 a.m. to complete plans for the campaign.

Canyon is a part of the Randall District of the Llano Estacado Council, Boy Scouts of America.

The Executive Committee of the Randall District Committee is O.W. Parker, chairman, Frank Morgan, vice-chairman, Joe Gibson, Finance Chairman, Lee Roy Moreland, training chairman, Truett Hull, organization and extension chairman, Dr. Dudley Moore, health and safety chairman, Wesley Cox, camping and activities chairman, Wm. B. Davis, advance-

ment chairman, W.R. Wilson, district commissioners; and Louis Machuca, district scout executive.

The Randall District is now serving over 300 boys, but is in need of additional adult leadership so that another 300 who are wanting scouting can be served.

## Mrs. Brown Is Claimed By Death

Mrs. Sula Eakman Brown, a native and pioneer resident of Canyon, died Saturday at her home in Canyon.

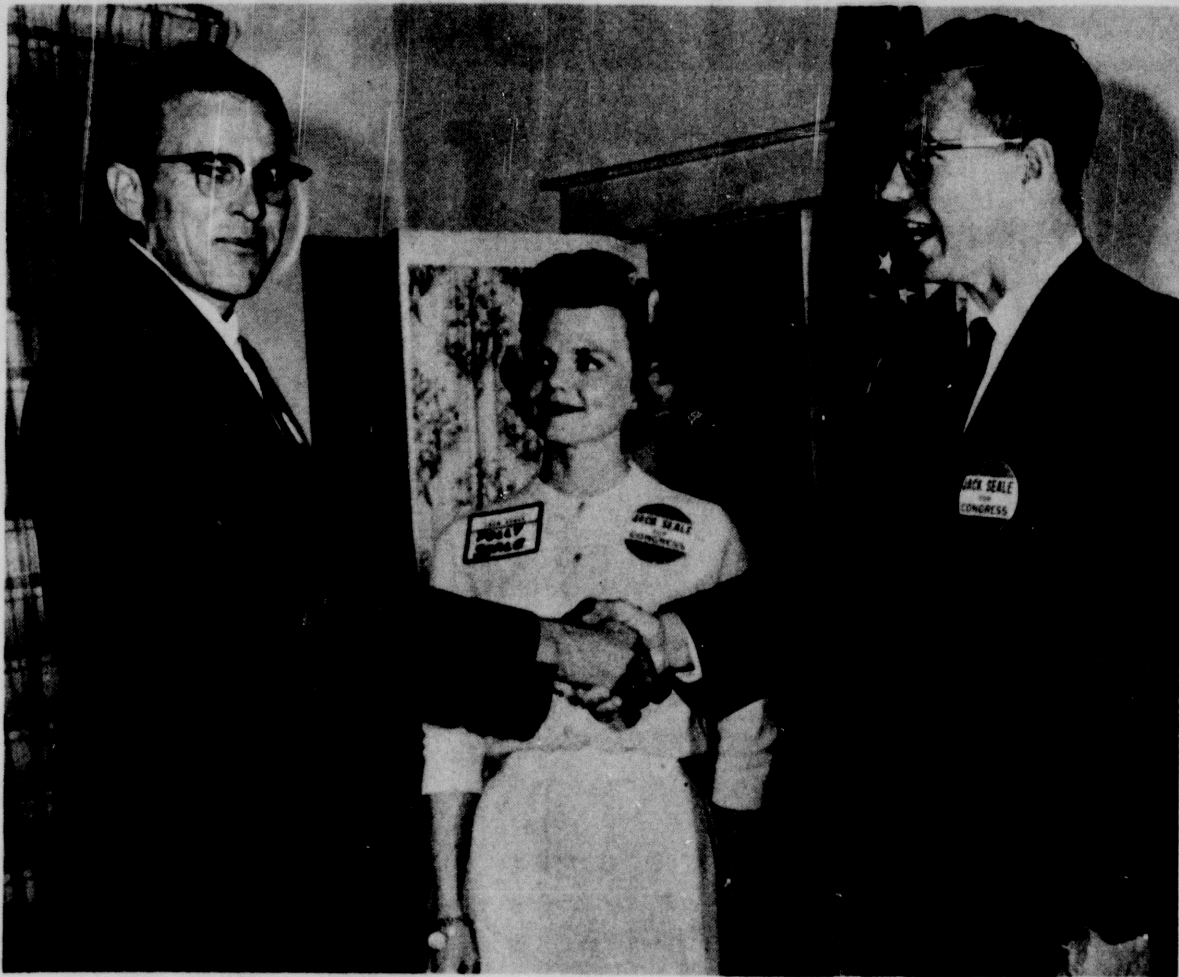

Mrs. Brown was 69 years old.

She was born Feb. 24, 1893 in Canyon. She was married to Dr. H.A. Brown, Sr., Sept. 14, 1920 in Tulsa. She was a daughter of Cyrus and Beth Eakman, early day residents of Randall County.

Mrs. Brown was a member of First Presbyterian Church and was active in church work. She was a member of the Music Club and the Book Club.

She was a graduate of the Chicago Conservatory and taught school in San Angelo and Amarillo. She conducted the church

(See Brown, page 3)

Jack Seale, right, is greeted by one of his Canyon supporters, John McBride. Seale's pretty wife, Polly, looks on. Seale was in Canyon Monday night to meet with a group from which was formed a unit of Panhandle Citizens for Seale.

## Two Commissioners Balk On Canyon Fire Billing

Two Randall County commissioners Monday declined to approve a \$500 rural fire fighting bill presented to the county by the city of Canyon but County Auditor E.T. Cummings says the bill must be paid anyway.

Refusing to OK the bill as submitted were Commissioners C.V. Johnson and B.R. Jones.

This was a continuation of a hassle in commissioners court

over the existing contract under which the city of Canyon furnishes rural fire protection.

The county is in contract to pay the city \$100 for each rural fire call. The county also furnishes the city a fire truck.

A resolution was passed in commissioners court several months ago to revise the contract. The resolution called for deduction of \$100 a month from city bills presented to the county for depreciation and upkeep on equipment furnished the city by the county.

Canyon city commission rejected the resolution. County commissioners were advised that they could not unilaterally revise the contract without breaching it.

Commissioner Clarence Beckman abstained from vot-

ing when the resolution was passed.

County commissioners this week awarded a bid for some shelving units to the Steck Company at a cost of \$431.75.

District Attorney A.W. Lair asked that the county pay his expenses to Austin this week end to attend a convention of district attorneys from over the state.

While there he will confer with Attorney General Will Wilson on the use of poyote in colleges in Texas.

The court approved payment of a \$4,000 installment to I.C. Page Company of Amarillo for installation of new windows at the court house.

A balance of \$744.10 was withheld pending further check of specifications by the court.

Walter Rogers voted for an Arms Control Agency designed to disarm the United States completely in nine years and throw this nation under direct control of a United Nations police force.

Jack Seale levelled this charge at the incumbent Congressman as he spoke to a group of some 50 persons who met at Legion Hall here Monday night to organize a chapter of "Panhandle Citizens for Seale."

"Unless we want the horrors of the Congo in this country we don't want to look to that organization," Seale declared.

Seale reiterated that Rogers has not voted the conscience of the Panhandle.

He said Rogers has voted for the Freeman farm bill, to increase the national debt to \$308 billion to build a \$20 million fish tank in Washington and twice voted for federal aid to education.

Seale said in his campaigning he has found the people of

the Panhandle to be just plain mad at what is going on in the nation's capitol.

He said Panhandle folks are angry with wasteful, unnecessary federal spending and foreign aid (much of which is going to the Red enemy.)

He pointed out that it is the little people who foot the bill for federal spending. He said 60 percent of all federal revenue comes from people whose earnings are \$10,000 a year or less. He said 33 percent of the federal revenue comes from people with incomes of \$6,000 or less.

"We can't continue to spend more than we earn," he declared.

The candidate noted in passing that President Kennedy has increased the number of government employees by 158,000 since taking office 18 months ago.

Pointing to capricious waste, he noted that a sizeable chunk of cash was spent to study

(See Roger's, page 3)

## Commission Sets Date For Rezoning Hearing

Canyon City Commission at their Monday night meeting called for a public hearing on the rezoning of Block 31, normal addition on the south side of town. The meeting date was set for November 12 at 7:30 PM at City Hall.

The property in question is that owned by Charles E. Gerald of Canyon. He has proposed the building of a large and elaborate restaurant on the property. The Canyon Rezoning Board had already approved the request for the commissions consideration.

In other action, the commissioners decided that 7 would be a satisfactory number of members for the proposed capital improvement study commission.

### Mrs. Thompson Critically Ill

Mrs. T. C. Thompson, 87 years old, Canyon pioneer, was critically ill in Neblett Hospital Wednesday.

Mrs. Thompson has lived in Canyon for 63 years. Her husband was an early day businessman here.

sion and that the committee should meet in conjunction with the city commission to consider city drainage problems and solutions.

City Commissioners also voted to deny the damage claim of B.A. Leonard against the city. The claim originates from last summer when a sewer backed up into Leonard's basement causing water damage. City Manager York said the city is not legally liable in such a case and could not legally honor such a claim.

Commissioners heard a report by Joe Rice, Captain of the Canyon City Fire Department concerning a letter from the Federal Communications Commission stating that effective October 31, 1963, all city police and fire departments will have to use separate short wave radio communication frequencies.

Rice stated that this would probably necessitate the installation of a separate short wave communications system for the city fire department. He estimated cost to be between \$1800 and \$2000. No action was taken.

### Sun Devils Mean, Fast, Big

# Tempe May Be Rough

Coach Joe Kerbel's Buffaloes meet their sterner test of the season Saturday night as they travel to Tempe to meet Arizona State's Sun Devils.

It has been 15 years since West Texas State last defeated Arizona State University in football. This year the Buffs go into the contest with an undefeated, untied record.

The Buffs sport an enviable season record, but so do the Sun Devils.

While West Texas was submerging Arlington State 49 to 0 for the fourth win in a row Saturday, Arizona State was playing the Pacific Coast power, Washington State, to a 24 to 24 tie. Arizona State wins have come over Wichita 21 to 10 and Colorado State 35 to 0.

Washington State has been rated the top of the West Coast. The Sun Devils led that powerhouse 14 to 0 at half time. The Sun Devils are equipped with fast backs, a ball control strategy and a passing attack that is no slouch.

Coach Joe Rector, who scouted Arizona State last weekend, said the Sun Devils have a half dozen backs who can run the 100 in less than 10 flat.

The backfield averages 199 pounds around. Big Charlie Taylor weighs 205 and runs the 100 in 9.6 while Henry Carr does it in 9.4.

Tony Lorick is someone with whom to be reckoned. He is

a veteran three-year letterman and does the 100 in 9.8. Darrell Nelson is a fine blocker and is the biggest gun on defense.

Larry Todd, second team halfback, does the 100 in 9.6. He has had experience at quarterback and throws the halfback pass very well.

Del Kellar caught four passes for 85 yards and two touchdowns in the Washington State game.

Kerbel's team must meet a new type of offense. "It is a big adjustment for us," said Coach Rector. Arizona State uses an unbalanced line power type of ball control.

Because of their fine running attack, they automatically have a great passing attack.

Arizona State is one of the leading defensive teams in the nation, having allowed an average of only 47 yards per game rushing.

The Buffs have been awesome in the statistical department. They continue to lead the nation's major college teams in team rushing with a 348.5 yard average, and rank second in scoring with a 47.3 point mark.

Halfback Jerry Logan is the nation's top individual scorer with 72 points and Pistol Pete Pedro tops the rushers with 621 yards in 75 carries for an 8.3 average.

Another halfback, junior Jerry Richardson of Canyon, has been awesome in a defensive manner. He intercepted three Arlington State passes last week to run his season's total of

steals to eight. The West Texas team intercepted six Arlington passes in all. One of Richardson's swipes was returned for a 40-yard touchdown, and later in the game he took a

17-yard scoring pass from quarterback Jim Dawson.

The Buffs came out of the Arlington State game with the usual lumps and bruises but should be in top shape for the flying trip to Tempe. The squad leaves via TWA Friday afternoon and during a stop-over in Albuquerque will work out at the University of New Mexico.

### Fire Prevention Week Observed

This is Fire Prevention Week in Canyon and has been so proclaimed by Mayor Delbert Lowes.

Canyon Fire Department started its Fire Prevention Week program Tuesday with a demonstration at the Canyon Elementary School. All elementary students of first grade through the fourth saw the demonstration and heard explanations by city firemen on fire fighting equipment and techniques.

Each student was given a Junior Fire Marshall's helmet and a copy of the Junior Fire Marshall magazine with a questionnaire. The questionnaire was to be taken home by the student and with the help of his parents filled out thus giving a fire check on the home. The students were asked to return the magazines and completed ques-

tionnaires to their teachers.

The grades four through eight at the elementary school are participating in a Fire Prevention Week Poster Contest. Posters are being displayed in merchants windows around the Canyon town square with first, second and third prizes to be given for the best posters.

Canyon High School is participating with a Fire Prevention Week Theme Contest. Prizes will be awarded for the three best themes.

Prizes for both contests will be \$10, \$5 and \$3 for the first three places.

Canyon Fire Department will hold open house Saturday morning from 9 a.m. to 5 p.m. Firemen will be on hand to explain the equipment and answer questions of anyone who cares to drop in. Coffee will be served the visitors.

### BULLETIN:

Leigh Ann Briggs, eight year old daughter of Mr. and Mrs. Don Briggs, suffered fractures of both arms late Wednesday in a fall at the family home.

Her father operates the bookstore at W.T.S.C.

The girl was hospitalized at Neblett Hospital.

A DOUBLE DOSE. Donna and Karen (search me which is Donna and which is Karen.) Standley sample their paper

cups with exploratory tongues to see if any sweets are left. They have just taken Sabin oral vaccine for polio.

# Amarillo Backs The Buffs

THIS WEEK'S GAME

## ARIZONA STATE

VS:

## WT BUFFALOES

### Joe Rector . . . Assistant

Former U. of Oklahoma football star Joe Rector will help tutor the Buffalo line-men in his first season on the staff.

One of the Sooners' top ends in their all-winning era, Rector started in the '57 and '58 seasons and helped his team win two post-season bowl games. He served as co-captain his senior year, along with All-American Bob Harrison. Rector was named to the national "all-scholastic" squad his last campaign.

He served as freshman coach at Oklahoma one year after graduation, and then moved to University of California at Santa Barbara, where he was line coach for the past two years.

### Howard White . . . Assistant

Howard White comes to West Texas State with one of the winningest records in California high school and junior college play.

During five years at Escondido and Riverside High Schools, the 37-year-old coach hung up a record of 38 wins, 10 losses and one tie. From there, he went to Riverside City Junior College

and was as equally successful. He notched a 20-6-2 mark in three terms.

A graduate of University of Southern California in the spring of 1947, where he played under Jeff Cravath, White spent the past two seasons as defensive backfield coach at New Mexico State. He also serves as track coach.

### Harry Tyson Jr. . . . Trainer

New trainer for West Texas State this fall is Harry Tyson Jr., a native of Fort Worth and a recent graduate of New Mexico State U.

Tyson played three years of football at Poly High School of Fort Worth, two seasons at Victoria College, one year at North Texas State and one season at New Mexico State. He's 22 and has a bachelor of science degree.

## Roger's. . .

(Continued from page 1)

behavior at cocktail parties. Also a wad of money was plunked down by the federal government to find out how drunk mice behave. After considerable experimenting and expense, the government learned that infant monkeys can't tell the difference between their mothers and pieces of wood covered with fur.

Seale condemned the lack of action in Cuba as Russia levels missile launchers at this country from the vantage point of that island 90 miles off the mainland.

"I've asked Rogers to discuss some of these points with me on television," Seale declared. "He hasn't answered."

"He hasn't answered because there's no good explanation for why he has voted like he has. Seale accused Rogers of being a professional politician. "Professional politicians are a part of the problem, not a solution to it," he declared.

Seale voiced his own beliefs. "I believe in the Constitution as it was written," he declared, "Not as it has been interpreted."

"This country is great because it is a Christian country. Our forefathers came to this country to get away from strong central government.

"Yet, the President only recently said the people who wrote the Constitution didn't realize that we'd eventually need a strong central government.

"Individuals can decide what is best for them. We do not need intellectual and Harvard egg heads to tell us....

"Will the government run us or will we provide for ourselves and prosper in proportion to our work?"

Seale said there have been power grabs by the President of the United States. He said the President has asked for power to raise and lower taxes.

He said the Department of Urban Affairs as proposed by the administration would take local government away and put it in Washington.

"Few foolish projects get by when we have a chance to vote on them locally," Seale declared.

He noted that the executive department set the price of steel recently. He said the FBI routed newsmen out of bed and the Justice Department threatened steel companies.

"I'm not defending an increase in the price of steel," Seale continued. He said he merely deplored the use of such tactics.

Seale said he is for good education provided at state and local levels. He said he favors some program to aid those in need but the program should be on a state or local level.

He said he is for a right to work law and believes that a worker should have the right to belong or not belong to a union.

"Why did I run for Congress?" the candidate asked.

"Polly (his wife) and I have been concerned about the real trend the country has taken," he declared. "We realized that constitutional government was being abandoned."

In the party here with Seale were Gene Klein, former mayor of Amarillo; and Horace Scott and Kenneth Grenewald, Amarillo businessmen.

Klein and C.J. Humphries, Amarillo attorney and lay Baptist leader, have spark plugged the "Panhandle Citizens for Seale" group. Both were active supporters of Rogers when he first ran for Congress more than a decade ago.

## Brown. . .

## Brucellosis Petition Is Circulated

Randall County Farm Bureau advises that the county wide program for the eradication and control of Brucellosis in cattle is under way and a petition is being circulated among the cattle owners in the county requesting the inspection of the cattle.

The Brucellosis eradication is a federal and state program exclusively with about 80% of the counties in the entire United States already certified free of the cattle disease. The program is entirely voluntary.

At present Randall County is surrounded by neighboring counties on the West, South and East who have been certified free of this infectious disease. This means that Randall County cattle owners cannot send any cattle into these neighboring counties without first having their cattle tested.

To be certified free of the disease, thus facilitating movement of cattle across county and state boundaries, a petition must be circulated by at least 75% of the cattle owners in the county who own 51% of the cattle in the county to request the inspection of these cattle.

The county assessor certifies the names on the petition as to their eligibility to sign and that the petition comprises the owners of 51% of the total cattle in the county.

The testing work is done at no expenses to either the owner of the cattle or the county. Total expenses are borne by the state and federal governments.

## CanyonLads Hurt At Play

Two young Canyon boys fell while playing with some of the neighborhood children last Friday night, and broke their collarbones.

Roy Joe, 7, and Allen Dale, 8, sons of Mr. and Mrs. Arden Beghtel of 2610 Sixth Avenue, were wrestling with some of their playmates when the accidents occurred.

Mrs. Beghtel said that the boys will be wearing shoulder straps and braces for the next three weeks.

HAS BEEN SELECTED BY ANDERSON APPLIANCE AS  
OCTOBER HOUSEWIFE OF THE MONTH

Anna Simon, wife of A.H. Simon, a local carpenter, of 610 Eleventh Street in Canyon, has been selected by Anderson Appliance as October housewife of the month.

Anna and "Tony" have lived here six years. They moved into Canyon from north of town where they farmed.

The Simons are parents of three daughters, and have nine grandchildren. Their daughters are Mrs. Betti Dietz of Canyon, Mrs. Mary Barton of Houston, and Mrs. Ruby Smith of Aurora, Colorado.

Anna has a Frigidaire refrigerator, deep freeze, washer, and dryer. "They have always given me trouble-free service," she commented.

When asked about her appliances, she said, "I think they are just wonderful. I really enjoy the door space in my deep freeze and refrigerator. I wouldn't have any other brand."

## Jowell HD Club Holds Meeting

The Jowell Home Demonstration Club met with Mrs. Velma Meyer on Wednesday, October 3.

At the business meeting, hostesses were elected to serve at the annual community party which will be held on October 26 at the Jowell School House. Also, plans were made for the club's annual Thanksgiving dinner.

Present at the meeting were Mesdames Helen Davis, Eula Bond, Rosa Robinson, Minnie Bible, Bertha Evans and the hostess.

The next meeting is set for October 17 at the home of Mrs. Helen Davis at 2417 11th Ave. in Canyon.

## House warming For McDonalds

Members of the Science Department at West Texas State, and other friends, were hosts at a surprise house warming party at the new home of Dr. and Mrs. H. O. McDonald at 2619 11th Ave.

Following the opening of gifts, refreshments were served.

Hostesses were Mrs. R. C. Busted, Mrs. Claude Boatman, and Mrs. Sam Urban.

Those present were Dr. and Mrs. R. C. Busted, Dr. and Mrs. Wm. Cooper, Mr. and Mrs. Charles Wright, Miss Killian, Miss McCrone, Mr. and Mrs. Wm. Holmes, Dr. and Mrs. Sam Urban, Mr. and Mrs. Wm. Wilson, Mr. and Mrs. Jack Hughes, Mrs. Gene Murray, Dr. and Mrs. Marvin Beasley, Dr. and Mrs. Frank Blackburn, Dr. and Mrs. Claude Boatman, and their son Tom, and his wife Bonnie from Portland, Ore.

## Pot Luck Supper Held For FHA'S Daddy Date Night

One of the most popular activities with the Canyon High FHA is the Daddy Date Night. This year they celebrated with a Pot Luck Supper on Thursday night October 4 at the High School Cafeteria. One hundred and seventy girls and dads attended this year.

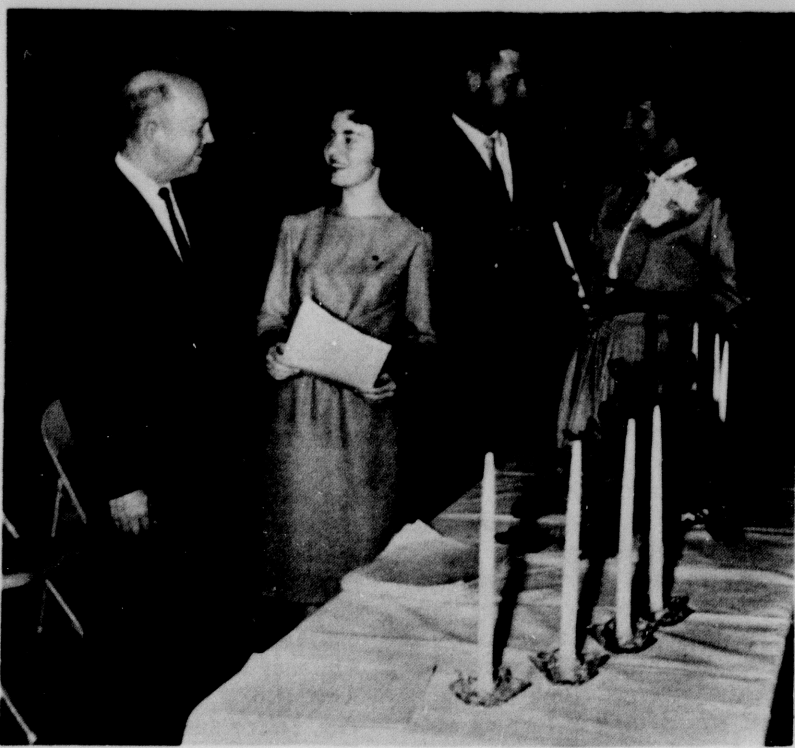

Following the supper, Freshman students were initiated by Council officers Judy Rhodes, president, Nancy Davis, vice-president, Lee Ann Kelly secretary, Carol Brown, treasurer, and Gail McKinney, Parliamentarian.

Participating in the candle lighting ceremony were Joyce Nightengale, Joan Malone, Pam Calden, Iris Hales, Trudy Johnson, Linda Bagwell, Judy Clark, and Rosemary Innes.

The Rev. Marcus Adair spoke on "The Importance of Happy Homes." He stressed the place of religion and the maturity of individuals in making successful home life.

Jan and Ann Fisher entertained with several numbers on their accordians, and Mary Ann Wheelock furnished appropriate organ music throughout the program.

The next monthly meeting will be the second Thursday in November with Larry Roberts, High School Counselor, speaking on the Importance of Values in Developing Personalities. Parents are welcome to attend all FHA meetings from 7:30 p.m. until 9:30 p.m. in the High School Auditorium.

Jess L. Rhodes talks with daughter Judy and Gale Rhea and her father in the background prior to the formal ceremony at the FHA Daddy Date Night held last Thursday night in the High School Cafeteria.

Nancy Hicks, Area 1 FHA president, and her father serve their plates as do Sherry and Dale Killingsworth. Sherry is Freshman president of FHA.

by Jean Harper

## Around The Town

Out of the mouths of babes... comes an interesting story from a former Canyon resident. Beth Oliver writes regarding the selection of Frank Borman, one of the nine men picked by NASA as new astronauts for the moon project. It seems that Frank is a company mate and classmate of Beth's husband Sandy at West Point. Besides the four years they spent together there as undergraduates, both the Olivers and Bormans were there on teaching tours in later years. During this last West

Point sojourn, little Kim Oliver was born, and Beth and Sandy asked Frank to be god-father for their new daughter. Now with all the excitement over Frank's selection for the moon project, little 4 year old Kim ran all over the neighborhood telling everyone "My god-father is going to the moon" but no one believed her.

Greg Parker, son of the Bud Parkers, was so excited last week when his mare had a colt, that he called his sister Karen in Lubbock, (Karen is

expecting the stork momentarily), and asked if she wanted him to send some cigars to her.

Dr. and Mrs. Claude Boatman have had their three sons and their families and their daughter and her family visiting them this past month: son James, his wife Carolyn and their two children were here from Ames, Iowa where he is working on his Ph.D. in Chemistry; son Eldon and wife Jan and their two children were here from Oklahoma City, where Eldon is a pharmacist and manager of a drugstore; Capt. Thomas Boatman and wife Bonnie, here from England Air Force Base in Alexandria, La., where he is a jet fighter pilot. Their daughter Gene (Mrs. Guy Duggin), her husband, and their four children were here from Woodward, Okla. Gene teaches high school in Fargo, Okla., and Guy has a tire business in Woodward.

Joe Kerbel's cousin Bob Schropshire of Corpus Christi, Mr. and Mrs. Tom Peters and son Bill of Lubbock were visitors in the Kerbel household this weekend to see W.T. defeat the Arlington team.

Don Blair, son of Mr. and Mrs. L.R. Blair of Canyon has returned home from Germany and has been discharged from the Army. Don played football for W.T. for four years before going into the service upon graduation in 1960. He and his wife and children are living here.

(See Around, page 5)

MRS. OSCAR PRZILAS

## Miss Catherine Koch Becomes Bride Of Oscar Przilas In September Ceremony

In a ceremony solemnized on September 18 in St. Mary's Catholic Church at Umbarger, Miss Catherine Koch, daughter of Mr. and Mrs. Ben Koch of Umbarger became the bride of Oscar Przilas of Tucumcari, son of Mr. and Mrs. Otto Przilas of Umbarger.

Msgr. William F. Bosen performed the double ring ceremony, and Mrs. Frank Begert, organist played the Nuptial Mass.

The attendants were identically gowned in satin sheath dresses with matching over-skirts. Matron of Honor, Mrs. Melvin Przilas wore willow green, Mrs. Carl Frische wore Romance Blue, Miss Bernice Przilas, sea coral, and Miss Marie Koch sister of the bride wore gold. They wore matching pill box hats and carried bouquets of carnation dyed to match their dresses.

Melvin Przilas served his brother as best man and groomsmen were Carl Frische, Kenneth Schwartz and Robert Koch. Ushers were Max Koch and Herbert Woehl. Mass servers were Joey Koch, Charles Batenhorst, Dale Artho and Dale Reinhart.

Given in marriage by her father, the bride wore a formal gown of Chantilly lace. The bodice was fashioned with a Sabrina neckline, sprinkled with sequins and seed pearls. Her full handkerchief styled skirt was enhanced by organza roses over crystalline pleated tulle ruffles. The four tiered shoulder veil of illusion fell from a wreath of pearlized sprays and blossoms, and the bridal bouquet was a three orchid cascade.

For her daughter's wedding Mrs. Koch chose a suit of

(See Miss, page 5)

Gloria Buchanan, pictured at the far left, was installed as Worthy Advisor of the Order of the Rainbow for Girls, Canyon Assembly #214, in a ceremony held last Saturday afternoon.

Pictured with her are other officers installed who are Carol Brown, Dana Anderson, Bobby Kay Parsons and Elaine Louder.

## Gloria Buchanan Installed As Rainbow Worthy Advisor

Gloria Buchanan, daughter of Mr. and Mrs. C. L. Buchanan was installed as Worthy Advisor of the Order of the Rainbow for Girls, Canyon Assembly #214, in a ceremony held on Saturday, October 6.

Gloria's colors of pink and white were carried out in floral arrangements and corsages. Her floor length formal was of white net over white taffeta, and she wore a corsage of pink rose buds and white carnations.

Charity was Gloria's theme and her symbol the dove, with her Scripture chosen from First Corinthians 13:2 "And though I have the gift of prophecy, and understand all mysteries and all knowledge; and though I have all faith so that I could remove mountains, and I have not Charity, I am nothing." She chose as her song "I'll Walk With God."

Installation Officers were: Frances Kiker, Installing Officer; Barbara Erwin, Installing Marshal; Linda Troth, Installing Chaplain; Marie Dowlen, Recorder; Lynn Larson, Installing Musician.

The other officers installed were Carol Brown, Worthy Associate Advisor; Dana Anderson, Charity; Elaine Louder, Hope; Bobby Kay Parsons, Faith; Jo Troth, Chaplain; Mickey Davis, Drill Leader; Terri Potts, Love; Rebecca Wright, Religion; Mary Angel, Nature; Lorry Kiker, Immortality; Ann Johnston, Fidelity; Ann Ham-merson, Service; Martha Hughes, Confidential Observer; Janet Ritter, Outer Observer; Linda Lowes, Musician.

Frances Kiker is recorder, Mary Ann Wheelock, treasurer, and Mrs. Kenneth Clark, Mother Advisor.

The line officers presented Gloria with a white dove nestled in the center of a pink satin pillow and surrounded with pink roses. Each officer had a speech and verse with which to honor her. Frances Kiker sang "Climb Every Mountain," and was accompanied by Lynn Larson at the Piano.

Gloria's parents were introduced and escorted to the East where she presented them with an oil painting, and then introduced her other special guests.

They were her aunt, Mrs. Eula Donnell, Mrs. Dean Cook, Mrs. E. J. Larson, Judy Bourland, Mrs. J. W. Spencer, Mrs. Riley Troth and Mr. and Mrs. Crawford Kiker.

Invocation was given by J. W. Spencer. Judy Bourland registered the guests, and Mrs. Dean Cook served punch and cookies at the close of the installation service.

Medical.

Mr. Alvin Henry Janssen, Hereford, medical.

Mr. Glenn R. Haynes, Canyon, surgery.

Mrs. Eston G. Mitchell, Amarillo, medical.

Mr. Avenit W. Lair, Canyon, medical.

COLLEGE STUDENTS

Kenneth Duane Moelling, medical.

BIRTHS

Mr. and Mrs. James John Janssen, Umbarger, are the parents of a baby boy born October 3.

Mr. and Mrs. Charles C. Owen, Canyon, are the parents of a baby boy born October 5.

Mr. and Mrs. John C. Mitchell, Canyon, are the parents of a baby girl born October 9.

## Hospital Notes

Proficiency Awards were made to 10 of the 13 members of Girl Scout Troop 1 in a ceremony held Friday, October 5. The other three members received Scout pins. Shown here awarding some of the 19 different badges awarded for the summer's work is Mrs. Billy Hill, Troop leader. The girls

pictured are Darlene Gatten, Nancy Reese, Shirley Roberts, Wanda Wagner, Billie Helene Hill, and Suzan Hayes. Mrs. J.B. Smith who aided with the child care badge is in the background.

## Band Parents To Meet

There will be a meeting of all band parents on Sunday, October 14 at 3 o'clock in the afternoon in the Band Room of the High School. All band parents are urged to attend.

Pictured at the Beta Sigma Phi area meet from the local chapter are Mrs. Robert Brotherton, Mrs. Elmer Clement, Mrs. Jim Christopher,

Walter W. Ross, sorority founder, Mrs. Bob Henry and Miss Betty Sue Patterson.

### Panhellenic Group Will Hold Luncheon

The annual Amarillo Panhellenic Luncheon will be given Tuesday, October 16 at 12:30 at Tascosa Country Club. Any Panhellenic member is welcome. Those who are not affiliated with one of the eighteen local sororities may call Mrs. Vance Hall at FL-6-8378 for reservations. Mrs. Hall's address is 2702 Teckla, Amarillo. The luncheon fee will be \$2.00. The new officers of Panhellenic will be presented at the

luncheon. They are Mrs. Harry E. Bryan, member of Delta Delta Delta, president; Mrs. J.W. Bowers, Gamma Phi Beta, vice-president; Mrs. R. O. Mills, Kappa Alpha Theta, secretary; Mrs. P.R. Garre, Kappa Delta, treasurer.

### Church Group Holds Meeting

The Ladies W.M.A. of the Southside Baptist Church of Canyon met at the church on Tuesday, October 2 to elect officers for the present year.

Those elected were: President, Mrs. Otis Gaston; Vice-President, Mrs. James Seals; Second Vice-President, Mrs. Melvin Dunn; Third Vice-President, Mrs. Norma Clounch; Secretary, Mrs. Gordon; Assistant Secretary, Mrs. Carter; Pianist, Mrs. Charles Green; Song Leader, Mrs. Seals; Assistant Song Leader, Mrs. Collier; G.A. Sponsor, Mrs. Carter; Assistant, Mrs. Seals; Flower Committee, Mrs. McWilliams, Mrs. Collier, and Mrs. Dunn; and Bible Teacher, Mrs. Morris Maxwell.

### Lucky Beavers Elect Officers

Lucky Beavers 4-H Club held their meeting on October 4 at the Glenn Burrell home.

New Officers elected for the year are President, Phil Fletcher; Vice-President, Bob Gruner; Secretary, Cindy Gruner; and Reporter, Mike Dudenhoeffer.

At the meeting refreshments were served to the following members: Linda and Mike Dudenhoeffer, Phil, Alan, and Gary Fletcher, David Erwin, Larry Dirks, Pat and Mike Blanton, Lynn Shackfield, Gary Hester, Stephen Turpin, Kelly Murphy, Tim Payne, Johnny Burrell, David Burrell, Bob Gruner and Nedra Turpin.

Mrs. S. L. Terry has been called to Cleburne, Texas, to be with her mother, Mrs. Glenn, who broke her hip.

chapter of Canyon who attended the meeting were Mrs. Jim Christopher, Mrs. Elmer Clement, Mrs. Robert Brotherton, Mrs. Bob Henry, Mrs. Clifton Newberry, and Betty Sue Patterson.

### Miss. . .

(Continued from page 4)

hunter green color with smoke elk accessories and a white corsage. Mrs. Prizlas, mother of the bridegroom, wore a beige suit complimented by orange and brown accessories.

Following the ceremony a reception and dance were held in the Parish Hall of the church.

The bride couple is at home in Tucumcari, New Mexico following a wedding trip to Colorado.

The bride is a graduate of Our Lady of the Lake College in San Antonio, and has been employed at St. Anthony's Hospital in Amarillo. The bridegroom attended West Texas State College, and is engaged in farming

ing in Plainview now. Diana and Elton Cox have her parents, the Hesters, from Wharton, Texas as house guests this week.

The O.B. Vaughans left last week, complete with trailer house, to spend the winter with their daughter and her family, (Dr. and Mrs. Joe Berger and children) in Washington. When Spring comes, they will move to Corpus Christi to visit son, Dr. and Mrs. O.B. Vaughan Jr., and children. They will return to Canyon in the summer. Things may be quieter in Canyon with the Buffs playing in Arizona, so we will be counting on you to keep the news coming in. See you next week.

### Westside Club Meets

The West Side Home Demonstration Club met on Wednesday, October 3 in the home of Mrs. Dick Barrett. Mrs. Ralph Ruthart, club president, was in charge of the meeting, and for the program Mrs. Lewis Tuck told of her trip to the State meeting.

Fourteen members including Mrs. Jack Metcalf who is a new club member, and visitor Mrs. Dixon, were present.

### Altar Society Hears Reports

St. Mary's Altar Society and Christian Mothers met on October 2 for the first time in the new addition to the Parish Hall.

Mrs. A. R. Friemel gave a report on the deanery leadership training meeting of the Diocesan Council of Catholic Women held in Hereford on September 26. Mrs. Leo Artho, Mrs. Bernard Grabber, Mrs. Bernard Hartman, and Mrs. Friemel attended the meeting at which various D.C.C.W. Committees discussed and planned projects for the coming year.

A reminder was given the ladies of St. Ann's Parish dinner and the Sabin Oral Sunday, both of which occurred on October 7.

The next meeting on November 6 will include a Stanley Party.

### Canyon Capers Met On Monday

Canyon Capers met Monday night with thirty two members present. Thomas Sheldon and Linda Camp, both students at W.T., and Mr. and Mrs. Joe Wolfe of Amarillo were guests of the club.

Six couples are taking the beginning square dance lessons at a learning session which precedes the regular dancing in the Student Union Building on the W.T. campus.

Had a party? Or giving one? Tell The Canyon News about it. Telephone OL-5-2141, or stop by the News office on the west side of the square.

## BEAUTY SHOPPING AT WTSC

This young lady is Donna Kirk from Seminole. Miss Kirk is a junior majoring in elementary education. She is 20 years old and has no hobby.

She has blue eyes and brown hair and her favorite food is rice.

Mr. and Mrs. Alfred Dowd of Corsicana have been visiting his brother and his family, Mr. and Mrs. J.C. Dowd of Canyon.

Mrs. Richard Christi and son Randy have been recent visitors in the home of Dr. and Mrs. Claude Boatman. Mrs. Boatman is Mrs. Christi's aunt.

Had a party? Or giving one? Tell The Canyon News about it. Telephone OL-5-2141, or stop by the News office on the west side of the square.

### Collect Wood For Bonfire

A drive to collect wood for WT Homecoming Bonfire is being conducted by various organizations on the West Texas State College campus.

Ralph Dunn, student body president, has asked that anyone wishing to donate wood call OL-5-2161 and leave his name and address with the operator. The wood will be picked up by student volunteers.

The bonfire will be built from 1 to 5 p.m. October 19, and will be lighted that evening.

## Beta Sigma Phi Delegates Hear Founder At Meeting

The annual meeting of area chapters of Beta Sigma Phi, International Sorority, was held September 29-30 at the Holiday Vic Mon Motor Hotel, Amarillo with approximately three hundred and fifty area members in attendance.

Sunday's special guest, Walter W. Ross, sorority founder, was moderator for a panel discussion, the remainder of the panel composed of members of area city councils. Various phases and problems of Beta

Sigma Phi were discussed at this time.

A social hour was held Saturday night for the over-night guests, with bridge and conversation the highlights of the evening.

Carrying out the convention theme "Sophisticated Ladies," the tables for the noon luncheon were decorated with paper hats, black satin souvenir holders, miniature mannequins, and gloved hands.

Luncheon speaker was Mr. Ross who emphasized the upcoming International theme for the year, "The Torch will light the way . . . Through doorways to success."

A style show presented by Blackburn Brothers followed the luncheon, as well as the presentation of door prizes, also given by Blackburns.

Chi Upsilon Chapter of Canyon won first place in the Yearbook Division, as well as receiving a gift certificate from the International office for their merits. The Psi Nu chapter of Earth, which is the Friendly Venture chapter, sponsored by the local chapter, received Honorable Mention in the Scrapbook awards.

Climaxing the day's activities, a tea was held in honor of Mr. Ross at which time the closing ritual was repeated in unison.

Plainview will host the 1963 Fall area council meet. Members of the Chi Upsilon

## Sunray Puts Heat On Eagle Eleven 18 To 14

By GARY LEE

The Canyon Eagles went down to their second defeat of the season Friday night when the Sunray Bobcats warmed up the passing arm of John Worst, Bobcat quarterback, who called the plays to a 18 to 14 victory for Sunray.

The Eagles won the toss and chose to receive and take the wind to help keep the Bobcats on the ground.

Johnny Johnson, halfback, received the ball and returned it 5 yards for the Bobcats before Bobby Evans, Eagle halfback, made the tackle.

Mannuel Hernandez, 108 pound halfback, picked up 8 yards for the Bobcats before Davis Price, Eagle quarterback, made the stop.

Worst managed to make enough yardage for a first-and-ten for the Bobcats.

Johnson made 10 more yards for the Bobcats. Worst was stopped on the line by Bill Phillips, Eagle fullback. Johnson picked up 5 yards through the middle. Freddie Morgan, Bobcat fullback, made 6 yards before Ronny Brock, Eagle guard, brought him down.

Johnson carried again for 5 yards before being tackled by Tim White, Eagle tackle, and Donald Breitling, Eagle quarterback.

Larry McRae received a pass good for 5 yards, and Harry Lisle, Eagle halfback, made the tackle. Johnson carried for 15 yards before Phillips made the tackle for the Eagles.

Worst slipped down on a pass attempt, and the Eagles took over on downs. Lisle managed only 1 yard for the Eagles. Price lost 5 yards on the next play on a pass attempt. Lisle failed to make any yardage on the next play. Price overthrew his receiver on a pass attempt, and the Bobcats took the ball on downs.

Morgan made 4 yards up the middle. Johnson made 4 yards

left. Worst carried for 8 yards around right end before Ronny Brock made the tackle. Hernandez made 15 yards for the Bobcats by means of receiving a pass.

The Eagles covered a Bobcat fumble. Phillips made 5 yards before Walter Groves, Bobcat center made the tackle. Jerry Vance, Eagle fullback, made no gain. Phillips came back for 2 yards.

The Eagles were forced to punt, and Tim White did the job well with a 35 yard punt. Worst made 10 yards off right tackle for the Bobcats. Johnson picked up 7 more yards for Sunray. Worst carried again for 6 yards. Brock again made the tackle.

Hernandez made 3 yards up the middle before being tackled by Brock. Worst connected with Johnson for 20 yards. Lisle made the stop. Worst then hit Hernandez with a pass good for 20 yards.

Morgan made 3 yards before Preston Prichard, Eagle tackle, and Ronny Brock made the stop. Worst was thrown for a loss by Jim Whinnery, Eagle halfback. Donald Breitling and Preston Prichard.

The Bobcats moved the ball all the way down to the Eagle 1 yard line, then Worst carried the ball over the goal line for 6 points. The extra point attempt failed.

Sunray kicked to the Eagles and Vance returned the ball 20 yards before Johnson made the tackle. Price picked up 5 yards. Lisle made 8 yards before Johnson nailed him. Breitling made enough yardage for a first-and-ten.

Price connected with Bob Begert, end, for 30 yards and a touchdown. Price faked holding for a kick and passed to Phillips good for 2 points.

Canyon kicked to the Bobcats, and Worst returned the ball 20 yards.

Johnson made 3 yards before he was brought down by Lisle.

Morgan made 3 before Whinnery and Brock made the stop. Morgan made no gain; White and Poole, end, made the tackle.

Larry Stump, end, made two yards for the Bobcats on a quick pass before Whinnery could make the tackle. Johnson caught a pass good for 20 yards before Price knocked him out of bounds.

Lisle intercepted a pass and returned it 30 yards before a Bobcat stopped him. Breitling nipped up 6 yards for the Eagles. Phillips made 7. Whinnery managed to get 3 yards. Lisle came back with 10 yards on a good run. Whinnery made 2 more yards. Lisle made 3 yards, but it wasn't enough.

Sunray took the ball on downs. Johnson made 3 yards before Breitling made the tackle. Worst was tackled by Lisle after a gain of 5 yards. The Bobcats were forced to punt.

The Eagles made 1 yard the first play. A pass attempt was no good by Price. Other attempts to move the ball failed for the Eagles. Sunray took over on downs.

Johnson made 4 before Phillips and Brock made the stop. Morgan made 6 before Brock and David Yarbrough, guard, made the tackle.

Johnson carried again for 3 before being stopped by White. Worst also made 3 before Lisle and Breitling moved in to make the tackle.

Johnson made 4 more, and White got the tackle. Sunray fumbled, and the Eagles took over. Price made 13 yards around right end before Johnson stopped him.

Price made 4 more yards on the same play. A pass attempt was no good. Sunray took the ball on downs. Johnson made 9.

Hernandez made 25 yards on a pass before being stopped by Lisle. Johnson made 10 yards then 20 yards for the Bobcats. Worst made 3 before Brock made the stop.

Morgan made 2 before White downed him. Worst connected with Johnson, who made a great catch, for 6 points. The extra point was no good. The Eagles took over on the kick.

Vance returned the ball 12 yards. Lisle made 25 yards on a reverse. Lisle then made 10 yards. Whinnery carried the ball 3 yards before Hernandez made the stop.

Breitling managed 3 yards. Sunray took over on downs. Morgan was tackled by Phillips after 3 yards.

Worst made 5 before Whinnery made the stop. Johnson made 7, and Breitling did the

### Freshmen Rip Dimmitt Team

The Eagle freshman team played Dimmitt here Thursday defeating them by a score of 18 to 0.

Freshman coach, Allan Simpson, said that the scoring was divided among three boys: Tom Lair, Dennis Haley, and Gary Winters, each of whom made 6 points.

by Troy Martin

### Along The Sideline

Coach Joe Rector's crying towel can be hoisted for good reason this week. When he says the Buffs have a tough game coming up you had better believe him.

Arizona State's Sun Devils played Washington State to a 24 to 24 Mexican stand off Saturday night. Washington State is not just anybody, they are rated top dog of the Pacific Coast and already have been mentioned as Rose Bowl contenders.

We noticed that Texas Tech had another scrimmage Saturday night. This time they worked out with Texas A&M.

The Aggies scrimmaged past the Raiders 7 to 3. Actually,

tackling. Morgan was tackled by Whinnery and Brock after he had made 4 yards. He made 5 more before being stopped by Lisle.

Worst hit Johnson with a pass good for 20 yards; then Johnson carried for 10 yards for a touchdown. The extra point was no good.

Sunray kicked to Canyon, and Vance returned the ball only to fumble. Sunray covered. Morgan made 3 yards.

Worst was knocked loose from the ball by White, and the Eagles covered. Phillips made 3 yards for the Eagles. Whinnery carried for 10 yards for Canyon.

Price then hustled for 20 valuable yards. Phillips made 8 more for the Eagles. Price ran again for 7 this time. Poole fumbled a pretty pass from Price. Breitling passed to Lisle good for 23 yards. Price scored for Canyon from the 7 yard line. The extra point was no good, and the score was 18 to 14. Sunray took the ball on their own 47 yard line.

They tried only for short yardage and to keep possession of the ball. The Bobcats were forced to punt, and the Eagles took over.

Lisle carried for 7 yards, and the Eagles were really trying to score. It was Price to Poole good for 25 yards, but the game was over, and the final score was Sunray 18, Canyon 14.

## Eagles Meet Rattlers In Grid Clash Friday

The Eagles will be the guests of the Stinnett Rattlers this Friday night in an attempt to make their season record four wins and two losses. Thus far this season the Eagles have won

three out of five games, none of which were conference.

Canyon's head coach, Jeep Webb, said that Stinnett has a very good team and a tough one to beat. Webb said that the Rattlers seem to run most plays, but they have a good pass offense too, which they might use against the Eagles.

The Eagle head coach said Stinnett has a big team and very good speed. Webb said, "One coach told me the team moved as fast as any he has seen."

Coach Webb said, "It's going

to be a struggle to get the team's confidence up again, but they can beat the Rattlers if they don't rest on what they have done in the past like they did with Sunray."

Webb said that Bob Begert, end, was the only one he knew of that wouldn't get to play this week because of an injury. Begert has a slight knee injury, and will be playing again soon.

The Eagle line-up will be the same as before except for Begert.

### Wilson Booster Speaker

Bill Wilson, father of the 8th grade football manager, was guest speaker at the Tuesday evening, October 9th, meeting of the Canyon Eagle Booster Club.

Mr. Wilson stressed the importance of team work in football, as well as in life. Coach Jeep Webb gave a run-down on the Stinnett game to be played Friday evening at Stinnett.

Plans were discussed for the Homecoming Pep Rally to be held Oct. 18. The Rally will be sponsored for the high school by the Booster Club. It was emphasized that this rally will give the people of Canyon a chance to give the high school a big boost if they give enthusiastic support to this event.

The meeting was concluded with the showing of the films of the Sunray game.

Going somewhere? Or not? The Canyon News wants to know about it--and so do its readers.

### Eagle B Nips Pampa

The Eagle "B" team defeated Pampa's "B" team which is a 3-AAA school, while Canyon is a 2-AA school, by a

The "B" team coach, Bobby Byrd, said that the team played good as a whole, but Bill Miller seemed to be the outstanding lineman.

Byrd also said the scoring was done by three different boys; Randy Buttrill who scored 12 points, Wilson Howard who scored 22 points, and Tommy Sanford who scored 8 points.

Mrs. Elizabeth Ostrander, wife of Buff end, Jim Ostrander, is shown here at her typewriter in the business office at West Texas State

College. Liz, who met her husband while in high school back in Barstow, Calif., says she likes football.

## Buff Goal Line Here Unsullied

# Bufs Rip Johnny Reb 49-0

Jerry Richardson went to Buffalo Bowl with larceny in his head Saturday night, stole three Arlington passes and chucked out two touchdowns as the Bufs triumphed 49 to 0 over the Rebels.

Pistol Pete Pedro netted 121 yards rushing to run his season total to 621 yards and put a bulldog grip on the nation's top spot in that department.

Jerry Don Logan scored 19 points. . . two touchdowns and seven points after. . . to run his total to 72 points in four outings. He is tops in the nation for scoring.

The rampaging Buffaloes kept their own goal line here unsullied for the season. Not a touchdown has been scored against them in Buffalo Bowl so far this season.

It was a good night all the way around for the home team. Russell Mundy scored his third touchdown of the year on a three yard plunge. He carried 11 times for 71 yards Saturday night.

Pedro ripped off a 65-yard, crowd-pleasing run for a touchdown in the third quarter.

Ollie Ross, who is recovering from an early-season ankle injury, scored WT's other touchdown from 10 yards out.

The game opened with the Bufs kicking off to Arlington State. With a little more than two minutes gone in the ball game, Richardson intercepted

and went for paydirt from 40 yards out.

Minutes later Richardson intercepted again on the 26 but the Bufs drew a penalty on the opening play and then quick kicked on third down.

Rebel possession was brief. McGuire's punt was partially blocked and the Bufs went into business on the Rebel 25. Pedro got a yard. Logan lost three on a pitch out and then on a reverse went to the seven. The Bufs drew a holding penalty and then Logan went to the 10. He went over on a sweep on the next play.

The score was 14-0. at the end of the first period.

The next touchdown was set up in the third when the Rebels punted to Logan on the 23 and he ran out of bounds on the 32.

Carries by Mundy, Logan, Pedro and Richardson put the ball on the three. Mundy went off tackle for the touchdown.

WT's fourth was set up by a Richardson interception which unleashed the Bufs' most beautiful ball handling of the season.

Richardson stole a Wilson aerial, ran into trouble and laterel off to Mundy tossed

off to Gibson and the Hooter went all the way. A clipping penalty (Films revealed that there was no clip.) was called and the ball came back to the 26.

Mundy bulled to the 17 and then Jim Dawson threw the sugar pass to Richardson for six points.

Ross kicked to McGuire who fumbled on the 20 with recovery being made for the Bufs on the 17 by Quenton Epinette. Three plays later Richardson connected with Logan on the six. Mundy made it to the three and Logan slanted off

tackle for the touchdown. That ended scoring in the first half.

WT's next touchdown came in the third quarter on Pedro's breath-taking 65 yard jaunt.

The hapless Rebels were forced to punt four plays after kick off. The Bufs drove down field, sparked by a fine Richardson run in which the Umbarger back hurdled several would-be tacklers before being brought down. From the 10 Ross went up the middle to score.

Logan had another perfect night on kicking extra points.

The fourth quarter was scoreless as Coach Joe Kerbel cleared the bench, giving his youngsters some experience and holding down the score.

Even then, the Bufs were knocking on the door when the ball game ended.

"Jerry Richardson was outstanding," declared Coach Joe Kerbel. "He intercepted three passes and made tackles all over the field."

"Pete Pedro did a heck of a job. He blocked well. Logan did his usual fine job."

"I think the outstanding end was Ostrander. Epinette played a sterling defensive game. He had the highest defensive score we've ever had with a 95%."

Kerbel said Jim Cunningham was outstanding tackle. Bob Petrich, John Varnell and Dory Funk also were praised.

Kerbel said Jack Mayfield showed improvement at guard and Stu Johnson did a fine job.

Doc Rowell was pointed to as top center for the week but Kerbel also praised Charlie Daves and Larry Patterson.

Hoot Gibson was cited for a fine job both on offense and defense.

"Ross kicked well and his ankle is mending," Kerbel declared.

## Pete Better Than Doak Asserts Chena Gilstrap

By TROY MARTIN  
"Doak Walker never saw the day he was as good as Pete Pedro."

This statement came Saturday night in the dressing room from Arlington State Coach Chena Gilstrap minutes after the Rebel mentor had seen his team trampled 49 to 0 by the West Texas State Buffaloes.

"I realize that what I've said is treason where I come from," declared Gilstrap. "But it's the truth."

"Pedro is a great football player. He's one of the best

I've ever seen. He's great. . . .

"He's the kind of a guy who can kill you from any place on the field. Everybody on your club is a little better because of Pete. He makes everyone look good."

The Doaker was an American for Southern Methodist University more than a decade ago.

"We're always glad to win," beamed Buffalo Coach Joe Kerbel. "They had some injuries and this must have slowed them down."

A group of Cub Scouts swarm-

ed into the dressing room Saturday night. The Bufs took time out from dressing to sign autograph books.

The kids were asking specifically for Pedro, Richardson and Logan.

Jerry Don Logan's dad, Johnny was on hand and a proud dad he was.

Johnny, Jerry Don's brother, Terry, and his mother and grandmother were on hand to see Logan score 19 points against the Rebels for a total of 72 for the season. Thus did the Buff left halfback tighten his grip on the national scoring lead.

Johnny didn't play football himself in high school. He played a little while in the service during World War II and things rocked along without much interest in the pigskin in the Logan household until Jerry Don entered high school.

Jerry Don played football in high school and the Logans began learning the game. Mrs. Logan is an avid fan.

The Logans see all Jerry Don's games within driving distance of their home in Graham.

By Jim Thomas

## Prairie Wildlife

This will be the first of a weekly column on hunting, fishing and conservation news of the area. Talking it over with many people in Canyon, we found many favorably disposed towards such a column. Here goes.

Just when we were wondering what subject to start off with, Stan McDonough, our local game

warden walked into the office. What he had to say was of interest.

As most hunters know, about half of Texas' counties are under General Game Laws as set by the Texas legislature. The other half of the counties are under Regulatory Authority game laws as set by the game and Fish Commission in Austin.

Each year the game commission publishes a booklet describing General Game Laws and several supplements outlining game bag limits, season open and closing dates and means and methods of hunting in the counties under Regulatory Authority. All Panhandle counties are under this authority.

Due to difficulties with their publishers, the game commission will be late this year with their supplements. Thus it seems that hunters and fishermen in the Panhandle counties, all of which are under the Regulatory Authority, will be without up to date game and fish regulations for the Fall season.

Warden McDonough brought in a typed list of these regulations which we are glad to pass along. They are listed at the tail end of this column. Under the Helpful Hint Department comes the following: The hunting and fishing violation that most people get in ho: water over is the failure to have an up to date license. More hunters and fishermen in the Panhandle get arrested on this one point than all other game law violations combined. (See Prairie, page 12)

## Classes Name Officers

Canyon High School classes elected new officers this week. Dennis Haley was named president of the Freshman Class. Other officers named were Diana Williams, secretary; and Carolyn Upshaw and Rosemary Gerdens; co-treasurers.

Jody Sheets was elected president of the sophomore class. Others selected for offices in that class include Nancy Hicks, vice - president Beth Jarrett, secretary; and Jan Jarnagin and George Cox co-treasurers.

Heading the junior class this year is Kenneth Brown, president. Other new officers are Janie Burk, vice - president; Linda Adair, secretary; and Linda Huych and Art Haley, co-treasurers.

David Price was named president of the senior class. Other senior class officers are Tim White, vice - president; Lynne Larson, secretary; and Bill Phillips and Sharon Franklin, co-treasurers. the surrounding communities who came to the dinner, and added a special thank you to Mrs. O. M. Lindsey, who was in charge of the food.

## Former Faculty Member Honored

Dr. Helen Burton, head of the Home Economics Department at West Texas State from 1922-1925, was singularly honored at the University of Oklahoma when they dedicated the Home Economics Building as Burton Hall.

Dr. Burton was appointed as head of the Home Economics

Department at Oklahoma in 1927 and in 1949 she was selected to head the Graduate Research Division.

## Liz Ostrander Finds Football Interesting

By TROY MARTIN  
Elizabeth Ostrander, wife of Buff end, Jim Ostrander, is just Liz to her friends.

Jim and Liz are from Barstow, Calif. They came to Canyon at mid-term last school term.

Jim and Elizabeth both are graduates of Barstow High School. They were acquainted while Jim was in high school but did not date until after Jim had entered Chaffey Junior College at Ontario, Calif.

Jim played football at Chaffey, lettering two years. He also played basketball. The Ostranders were married last year.

Jim was out of school a year after graduating from Chaffey. Elizabeth is proud of Jim's ability as a football player. She considers being a football wife no hardship. "I miss him (Jim) because he's not home very much during football season," she said. "But I understand that he has to be away a lot."

Liz said she likes football although she doesn't know very much about it.

"I'm learning, though," she said. "Going to games helps quite a lot."

Elizabeth said she is learning the positions now. "It's kind of confusing but it's interesting," she declared.

Liz won't be going to the Arizona game. It's too far away. "But I'll be listening to it on the radio," she said. "I wouldn't miss it for anything."

Canyon's new telephone directories will be mailed to customers on October 15, Gene Adkisson, manager for Southwestern Bell Telephone Company announced.

According to Adkisson, this year's directory includes 20 "white" or alphabetical pages, with almost 2100 listings. There are 52 classified or "yellow" pages in the new book.

Approximately 4,500 directories were printed this year. Adkisson explained that not all of these copies will be mailed out at this time, but they will be used before the 1963 directory is published.

Adkisson pointed out that many telephone directories used in pay telephone booths and other public places "wear out" from constant use and that these must be replaced periodically. He also said the Telephone Company receives requests from people living out of town for copies of the telephone telephone directory.

He cautioned telephone users to check their old directories thoroughly before consigning them to the waste baskets. People often keep important papers out of town telephone number lists, and even pictures in a telephone book," he said. "Then when the new directory is received they throw the old one away before making sure that any keepsakes or important papers are removed. Then they

realize their mistakes but it is too late."

Thomas Depperschmidt, general chairman, stated that the Festival was a success both financially and socially and would like to give a special note of thanks to Bill Taylor of White's Auto Store, Taylor and Sons Grocery, the Canyon School Board, Jack Haley Printing Shop, the Canyon News, and all the other Canyon Merchants who helped promote the Festival. He also thanked the people of

realize their mistakes but it is too late."

## New Phone Books Will Be Mailed

## Good Crowd At St. Ann's

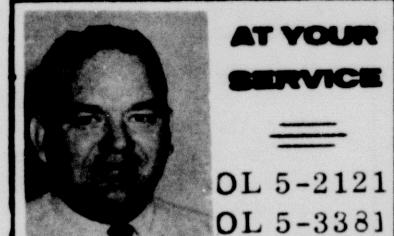

Over 800 people were served at the St. Ann's Fall Festival held Sunday in the Canyon Elementary School cafeteria.

Prize winners were: 1st, Albert Schoenberger of Happy, a combination stereo-AM FM radio set; 2nd, Erwin Podzemny of Canyon, a set of tires; 3rd, Godfrey Frische of Wildorado, a 12 gauge shotgun; 4th, Bruce Blackaby of Canyon, a bicycle; and 5th prize was three transistor radios won by Mrs. J. W. Schwaller of Canyon, Vincent Friemel of Umbarger and Ed Wieck of Umbarger.

Thomas Depperschmidt, general chairman, stated that the Festival was a success both financially and socially and would like to give a special note of thanks to Bill Taylor of White's Auto Store, Taylor and Sons Grocery, the Canyon School Board, Jack Haley Printing Shop, the Canyon News, and all the other Canyon Merchants who helped promote the Festival. He also thanked the people of

#### SHERIFF'S SALE

STATE OF TEXAS

COUNTY OF RANDALL

By virtue of an ORDER OF SALE issued out of the Honorable 47th District Court of Randall County, on the 26th day of September, A.D. 1962, by the Clerk thereof, in the case of FRANK F. THOMASON versus BETTY LOU THOMASON, No. 5317, and to me, as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY in November, A.D., 1962, it being the 6th day of said month before the Court House door of said Randall County, in the City of Canyon, Texas, the following described property, to-wit:

Lot No. ten (10), Block No. Eighty-seven (87) of the Southlawn Addition, Unit No. 24, and Addition to the City of Amarillo, Randall County, Texas; this being 4717 S. Lamar Street, Amarillo, Texas. A judgment was entered placing the following described property in the hands of a receiver to sell within 90 days, and thereafter, after the said trustee being unable to sell said property at private sale, on the 30th day of August, 1962, an order was entered ordering the Sheriff of Randall County to sell at a Sheriff's Sale.

Levied on this 2nd day of October, 1962, as the property of Frank F. Thomason and Betty Lou Thomason.

Given under my hand, this 2nd day of October, A.D., 1962 By W.C. LONGEST Deputy

L.S. JOHNST

Group To Hear Dr. Ma

Dr. James Ma will speak on the topic "The Channels to Peace in Southeast Asia" at the Presbyterian Church at 10 a.m. on Friday, November 2 celebrating World Community Day. Boy's T-shirts, short pants, and piece goods will be taken for a Southeast Asian collection.

Homecoming Plans Made For Next Week At CHS

Canyon High School will begin 1962 Homecoming season with an all school Pep Rally at 7 p.m. Thursday of next week in the high school gym. A special assembly on October 19, will be held at 2 p.m.

in the high school auditorium honoring ex-students of Canyon High School. Judge J.D. Gamble (class of 1926). Judge of the Dallas Municipal Court, will give an address to the assembly.

Also on Friday, Future Homemakers of America will serve refreshments in the school Homemaking Department for all ex-students who visit the school. Parent-Teachers Association will sponsor a supper in the school cafeteria from 5 p.m. until 8.

Homecoming queens were nominated last Tuesday from various home rooms at Canyon High. Elections will be held during the week, selecting five final candidates, one of whom will be the final homecoming queen. The remaining finalists will be the queen's court of attendants.

Homecoming nominees are: Joy Harter, Judy Bourland, Sharon Franklin, Carol Brown, Iris Hales, Maggie Stephens, Cynthia Gerald, Janet Gerald, Gloria Buchanan and Sally

Thespians At WT This Saturday

High school thespians from the Panhandle area will be on the West Texas State College campus Saturday to attend the sixth annual High School Dramatics Workshop.

The day's program, highlighted by a matinee performance of "The Gazebo," a comedy opening the fall season in the Branding Iron Theatre, will open with registration at 9 a.m. in the Fine Arts Building.

Sponsored by the Buffalo Masquers, campus dramatics club, the workshop will feature demonstrations and lectures in such fields as costuming, makeup, scene design, directing, and producing.

Matinee of "The Gazebo" will be at 2:30 p.m.

Haley Named To Arkansas Publication

Everett Haley, Jr. has been named editor of the Arkansas Farmer magazine by Tom Anderson, publisher.

Haley, 30, is the son of J. Everett Haley and the late Nita Stewart Haley of Canyon, Randall County, Texas. The elder Haley is a widely known Texas cattleman and an eminent southwestern historian and author.

Everett, Jr. attended Schreiner Institute at Kerrville and the University of Texas, where he majored in History and Government.

Haley left the University in 1952 and entered the cattle business as operating partner of a combined farm and ranch on the Arkansas River in Sequoyah County, Oklahoma. He has managed the Oklahoma as well as cattle operations in the Texas Panhandle since, except for a time during which he worked as a staff researcher for The Dan Smoot Report in Dallas.

Buck Ramsey Is Injured

Buck Ramsey, brother of Mrs. Mark Askew of Canyon, was seriously injured Tuesday morning when he was thrown from a horse at the ranch where he is employed.

Ramsey is believed to have suffered a broken back in the

accident which occurred on the Bivins ranch near Fritch.

He was taken to St. Anthony's Hospital in Amarillo for treatment.

Area Mayors Break Ground For Theater

Forty-one area mayors Sunday will break ground for the Panhandle Heritage Foundation amphitheater in Palo Duro Canyon simultaneously with 41 shovels.

Ceremonies will be held at 4 o'clock in the afternoon at the amphitheater site.

Pete Cowart called all 41 mayors and they accepted an invitation to participate in the ceremonies.

Mrs. Margaret Harper, president of Panhandle Heritage Foundation, said construction on the amphitheater would begin Monday morning.

Ramey Construction Company of Amarillo will construct the amphitheater.

Thousands Take Sabin Vaccine

Some 5700 persons took Sabin oral polio vaccine here Sunday, according to Dr. J. Manly Bryan, in charge of the project in Canyon for the sponsoring Potter-Randall County Medical Society.

He said this comes to about 70 percent of the entire population of the area covered.

Dr. Bryan said there will be no makeup here at Canyon. However, those who missed out on the vaccine may receive the inoculation at a makeup project in Amarillo next Sunday.

Dispensing points nearest Canyon will be located at South Georgia School at 5018 Susan and at Cornado Elementary School at 3210 Wimberly in Amarillo.

The dispensing stations will be open from noon until 4 o'clock.

Dr. Bryan said about 100 persons did volunteer work at the two dispensing points here last Sunday. This included Boy Scouts, Members of the Randall Emergency Unit, nurses, doctors, pharmacists and women of the town who acted as clerks.

"It couldn't have gone better," Dr. Bryan declared. He said no one had to wait longer than five minutes for the vaccine.

CANYON BUSINESS REVIEW and BUYER'S GUIDE

Zac's Humble Station, located at 311 Twenty-third Street, is in business to please. Blake Zachry, owner, intends to please his customers, and has made service his motto.

He stocks EMSCO mufflers with a lifetime guarantee in the line of superior products, and also carries Atlas brand tires.

Zac has lived in Canyon since 1932, and will have operated the station two years this November. Zachry, his wife, May, and their two daughters, Elizabeth and Deborah, live at 2001 Fifth Avenue. Before opening the station, he worked at the Ford garage.

The Humble firm does major and minor tune-ups, balances wheels, does muffler and tail pipe work, and has pick up and delivery service.

The two full-time employees on duty are Bill Head and Mike McAtee, and there is a mechanic on duty from 7 a.m. to 7 p.m. seven days a week.

Zac's also gives Frontier stamps.

Here's how Gas heat COOLS your home!

Cooling with a Gas flame combines four simple laws of nature. The ARKLA-SERVEL Sun Valley GAS air conditioner employs them to produce the finest air conditioning science has yet devised!

First, BOILING, as in a percolator, moves the liquid refrigerant to the top of the unit in the form of vapor. Secondly, CONDENSATION, as on a glass of cold water, occurs, converting the vapor back to liquid. Next, EVAPORATION provides the chilling effect, just as blowing upon your hand, when wet, makes it feel cool. Last, is the ABSORPTION of the vapor by a salt solution called lithium bromide, in the same manner as table salt absorbs liquids. The liquid then returns to the "percolator" to start the cycle over again.

This is why an ARKLA-SERVEL Sun Valley GAS air conditioner has no moving parts to wear out or

break down, and why it 1) has a life expectancy of three-to-four times that of an ordinary air conditioner, 2) does not lose its efficiency with age, 3) operates with a minimum of service or repair, and 4) maintains its low operating cost throughout the life of the unit.

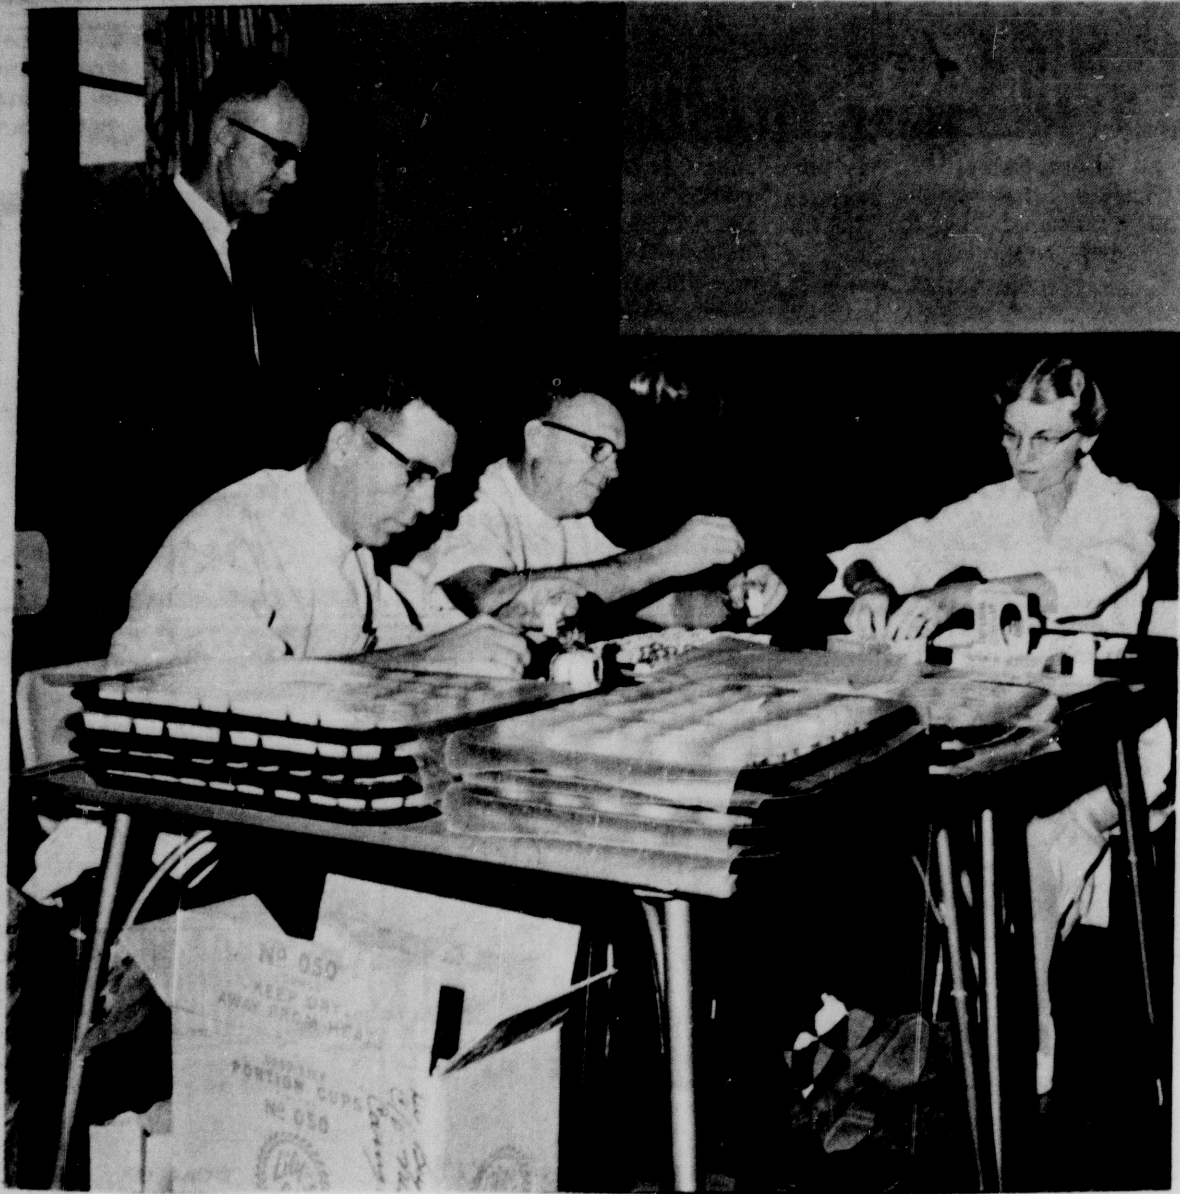

All these reasons add up to LOWEST OWNER-SHIP COST... and make ARKLA-SERVEL Gas air conditioning truly the wisest investment you'll ever make for your home.

For sales, service or information, just call . . .

fuel for a growing empire **Pioneer Natural Gas Company**

Dropping vaccine onto sugar cubes for the mass inoculation with Sabine polio vaccine Sunday are from left J.D. Byrd and R.A. Smith, pharma-

cists, and Nurse Jean Wright. Looking on is Dr. Dudley Moore. Byrd operates Byrd Pharmacy here.

#### Classroom Teachers Host Supper Meeting

The Canyon Classroom Teachers Association met for a covered dish supper on Thursday evening, October 2 in the High School Cafeteria.

Members of the Association

brought their husbands or wives to the "Get-Acquainted" evening, and games and entertainment were enjoyed by those present.

#### Mrs. McCaslin Interred

Funeral services for Mrs. Nancy McCaslin, 78 years old, Hereford, formerly of Canyon, were held Tuesday morning in Canyon First Presbyterian Church.

Officiating was Rev. Russell Wingert, pastor of Hereford First Presbyterian Church. Burial was in Green Mountain Cemetery in Boulder, Colo.

Mrs. McCaslin, house mother at Randall Hall here for 18 years, died in a Clovis hospital.

Mrs. McCaslin moved to Hereford about four years ago. She retired from her position at West Texas State in 1954 and became assistant counselor for women in McFarland Dormitory at Trinity University in San Antonio in 1955.

She was born Aug. 26, 1884 in San Augustine County. She married H. D. McCaslin Dec. 24, 1911 in Lelia Lake.

Her husband was a professor at the University of Colorado in Boulder. Upon his death, she moved to Canyon and became director of Randall Hall in 1936 when it still was operated as a cooperative house for girls.

Mrs. McCaslin was a member of the Presbyterian Church. Survivors include three daughters, Mrs. Lois Gilliland of Hereford, Mrs. Beth Burran of Clovis, Mrs. Mary Morrow of Gholson; a brother, M. E. Noble of Kenedy; a sister, Mrs. Rayburn Smith of Shamrock and nine grandchildren.

by John Brazzil

## COUNTY AGENT'S COLUMN

Reports from several grain sorghum producers over Randall County this week show the extra early planted grain sorghum is not yielding up to expectations. It seems that the top portion of the head did not set grain as expected. Many guesses as to the cause of this have gone around. Experienced growers believe the high August temperatures occurred at the pollination stage of growth and the top was blasted by this hot weather.

Some damage from the sorghum midge insect is suspected in some late planted fields. Generally the damage has been spotted.

Some good to excellent grain sorghum yields are expected over the county when harvest gets underway shortly.

Many farmers are now asking the date of the release for grazing of diverted acres now seeded to wheat. Apparently only a few Counties in the north Panhandle is affected. Wheat is growing rapidly now and grazing has started in some areas. The Randall County ASCS is keeping in close contact with this situation and will make the announcement on grazing of diverted acres now seeded to winter wheat just as soon as permission is received.

LP gas, or liquefied petroleum gas, is now being used more and more on Texas farms and ranches as a fuel for tractors and for household purposes. As with any combustible fuel, safety precautions are necessary when using LP gas. LP gas is a fuel and should never

be used for cleaning purposes or to inflate tires.

If leaks are suspected in the tank they should not be detected by using a flame. Keep away from the tank and call a service man.

LP gas is a safe fuel and can be used without fear of explosion or fire if proper precautions and safety practices are followed.

... This is the season of the year when the tempo of farm activities soar toward their peak. And, points out the Texas Farm and Ranch Safety Council, it is also the season when rural residents should put their best safety practices into use. Tractors and harvesting equipment are rolling, trailers, trucks, and farm machinery are using the highways in record numbers and the chances for accidents are multiplied. "Be careful and be around to finish the harvest," advises the Council.

Mr. L. H. Crawford went to Abilene to attend the funeral of his sister-in-law, Mrs. C. J. Crawford, who passed away Sunday following an extended illness.

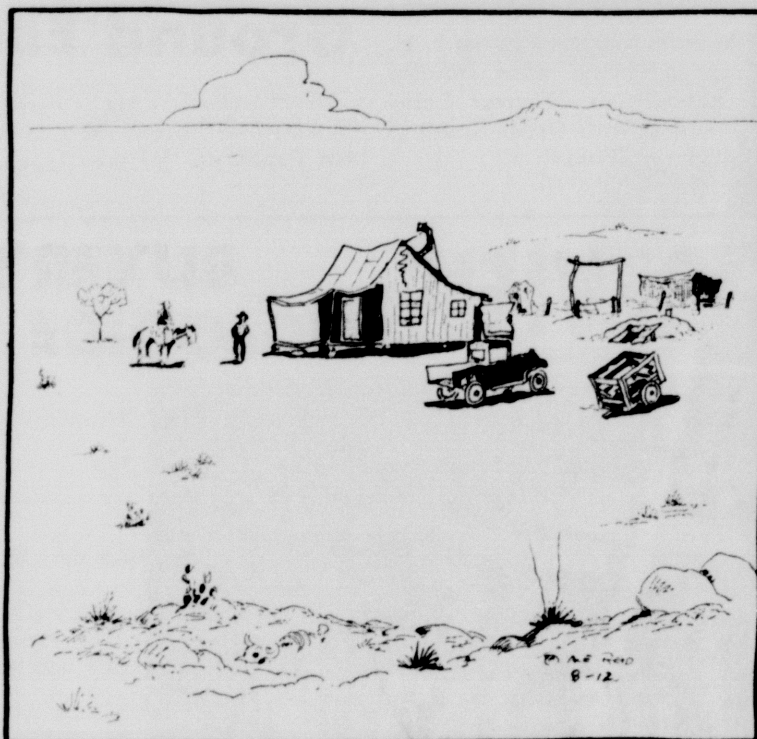

Just one of the hundreds of families that took the Sabin oral polio vaccine here last Sunday were the Fred Rathjens, Mr. and Mrs. Rath-

jen are shown here with their two sons, Eric, 4 years old, and Kurt, 19 months old. Rathjen is an instructor at West Texas State College.

## Canyon Men Attend Meet At Lubbock

Three members of the Canyon Rotary Club attended a District Rotary meeting in Lubbock Monday.

Paul Summers, club president; Bill Davis, president-elect for 1963-64; and A. K.

Goodman, bulletin editor; attended the session which was held to give information to presidents, chairmen, and bulletin editors of this district. Thirty-one clubs were represented.

#### Canyon Garden Club Has Meeting Tonight

The Canyon Garden Club will meet with Mrs. D. J. Kievit at her home East of the city, on Thursday, October 11 at 7:30 p.m. Mrs. Mary Bonnie will assist Mrs. Kievit as co-hostess.

Tom Porter of Amarillo was guest speaker at the Rotary Club meeting Tuesday. Mr. Porter is the regional representative for Zebco Sporting Goods, and talked to the members on fishing. He said that there are a number of good fishing spots to be found in the Panhandle if people would only take the time to find out about them.

"Wintering Your Garden" will be the subject of a program presented by Mrs. Joe Frank and Mrs. Alfred Bellah.

Going somewhere? Or been? The Canyon News wants to know about it -- and so do its readers.

Phone DR 2-7332

#### In Memorium...

By Dr. J.A. Hill

Only last Tuesday we buried the mortal remains of one of the noblest Christian characters it has been my privilege to know. I cannot let this occasion pass without paying tribute to Mrs. Nancy McCaslin, with whom I was officially associated for many years.

Widowed around 1930 and having three young daughters to rear and educate, she moved from Boulder, Colorado, to Canyon and opened a boy's boarding house on the site where the college cafeteria now stands. Here she struggled heroically for subsistence for herself and family -- and won. Her energy, resourcefulness, self-denial, cheerfulness, and devotion to Christian ideals challenged the admiration of all who knew her.

In 1936 the college needed a House Mother at Randall Hall, a cooperative dormitory for

girls with small means. Mrs. McCaslin was the perfect answer. Randall herself was operating on a shoe-string. In addition to mothering more than 100 girls she was compelled to exercise great economy and resourcefulness in managing the dormitory. She rose to the occasion with splendid initiative and heroic patience. But best of all she was a near perfect Mother to the 100 young women who came each year to old Randall. Without even the semblance of ostentation and apparently unconscious of the great service she was rendering she moved among us a noble example of applied Christianity. What a wonderful heritage she has left to West Texas State, to Canyon, to the throng of young women whom she has touched, and especially to her three lovely daughters! May God give us more such personalities!

#### Student Senate Vote Scheduled

A dozen freshmen are seeking election here at West Texas State College today to the four

class posts in the Student Senate, campus student government.

#### Recruiter Assigned

Staff Sergeant Bill Alexander is the new Army Recruiting Officer for the Randall County area. Alexander will be at the sheriff's office in the Randall County Courthouse every Monday between the hours of 9:00 a.m. and 2:00 p.m.

Sergeant Alexander was assigned to recruiting in the Randall County-Amarillo area from 1954 to 1958 when he was transferred to Korea where he was in charge of an NCO Club for the Army.

Regular office hours are in Amarillo at 607 Polk Street. Alexander's phone there is DR3-4214.

Originally from Galesburg, Illinois, Alexander married the former Genieve Reed, daughter of Rev. J.W. Reed of Wellington and formerly of Amarillo. Alexander's brother-in-law, Cecil Reed is a Canyon resident working for Taylor and Sons in Canyon.

#### Haynes Suffer Fracture

Glenn Haynes suffered a broken leg Monday when a ladder slipped and he fell just after he had finished roofing his home at 2401 Ninth Avenue.

While a neighbor was telling Mrs. Haynes of the accident, her son, John Arthur, called to tell her that his thumb was broken.

Glenn suffered a compound fracture of his left leg, and underwent surgery Monday night.

John's thumb had been sore for about a week, but he had not gone to have it examined until the day of his father's accident.

Marion Higdon, head postmaster, said that was the best excuse he had heard to stay home and watch the world series.

**Burum Rites Set Thursday**

Mrs. Jennie Lee Burum, 48 years old, Half Moon Bay, Calif., formerly of Canyon, died Saturday in California.

Mrs. Burum left Canyon in 1948.

Mrs. Burum was married June 10, 1934 in Dimmitt. She was born July 14, 1914.

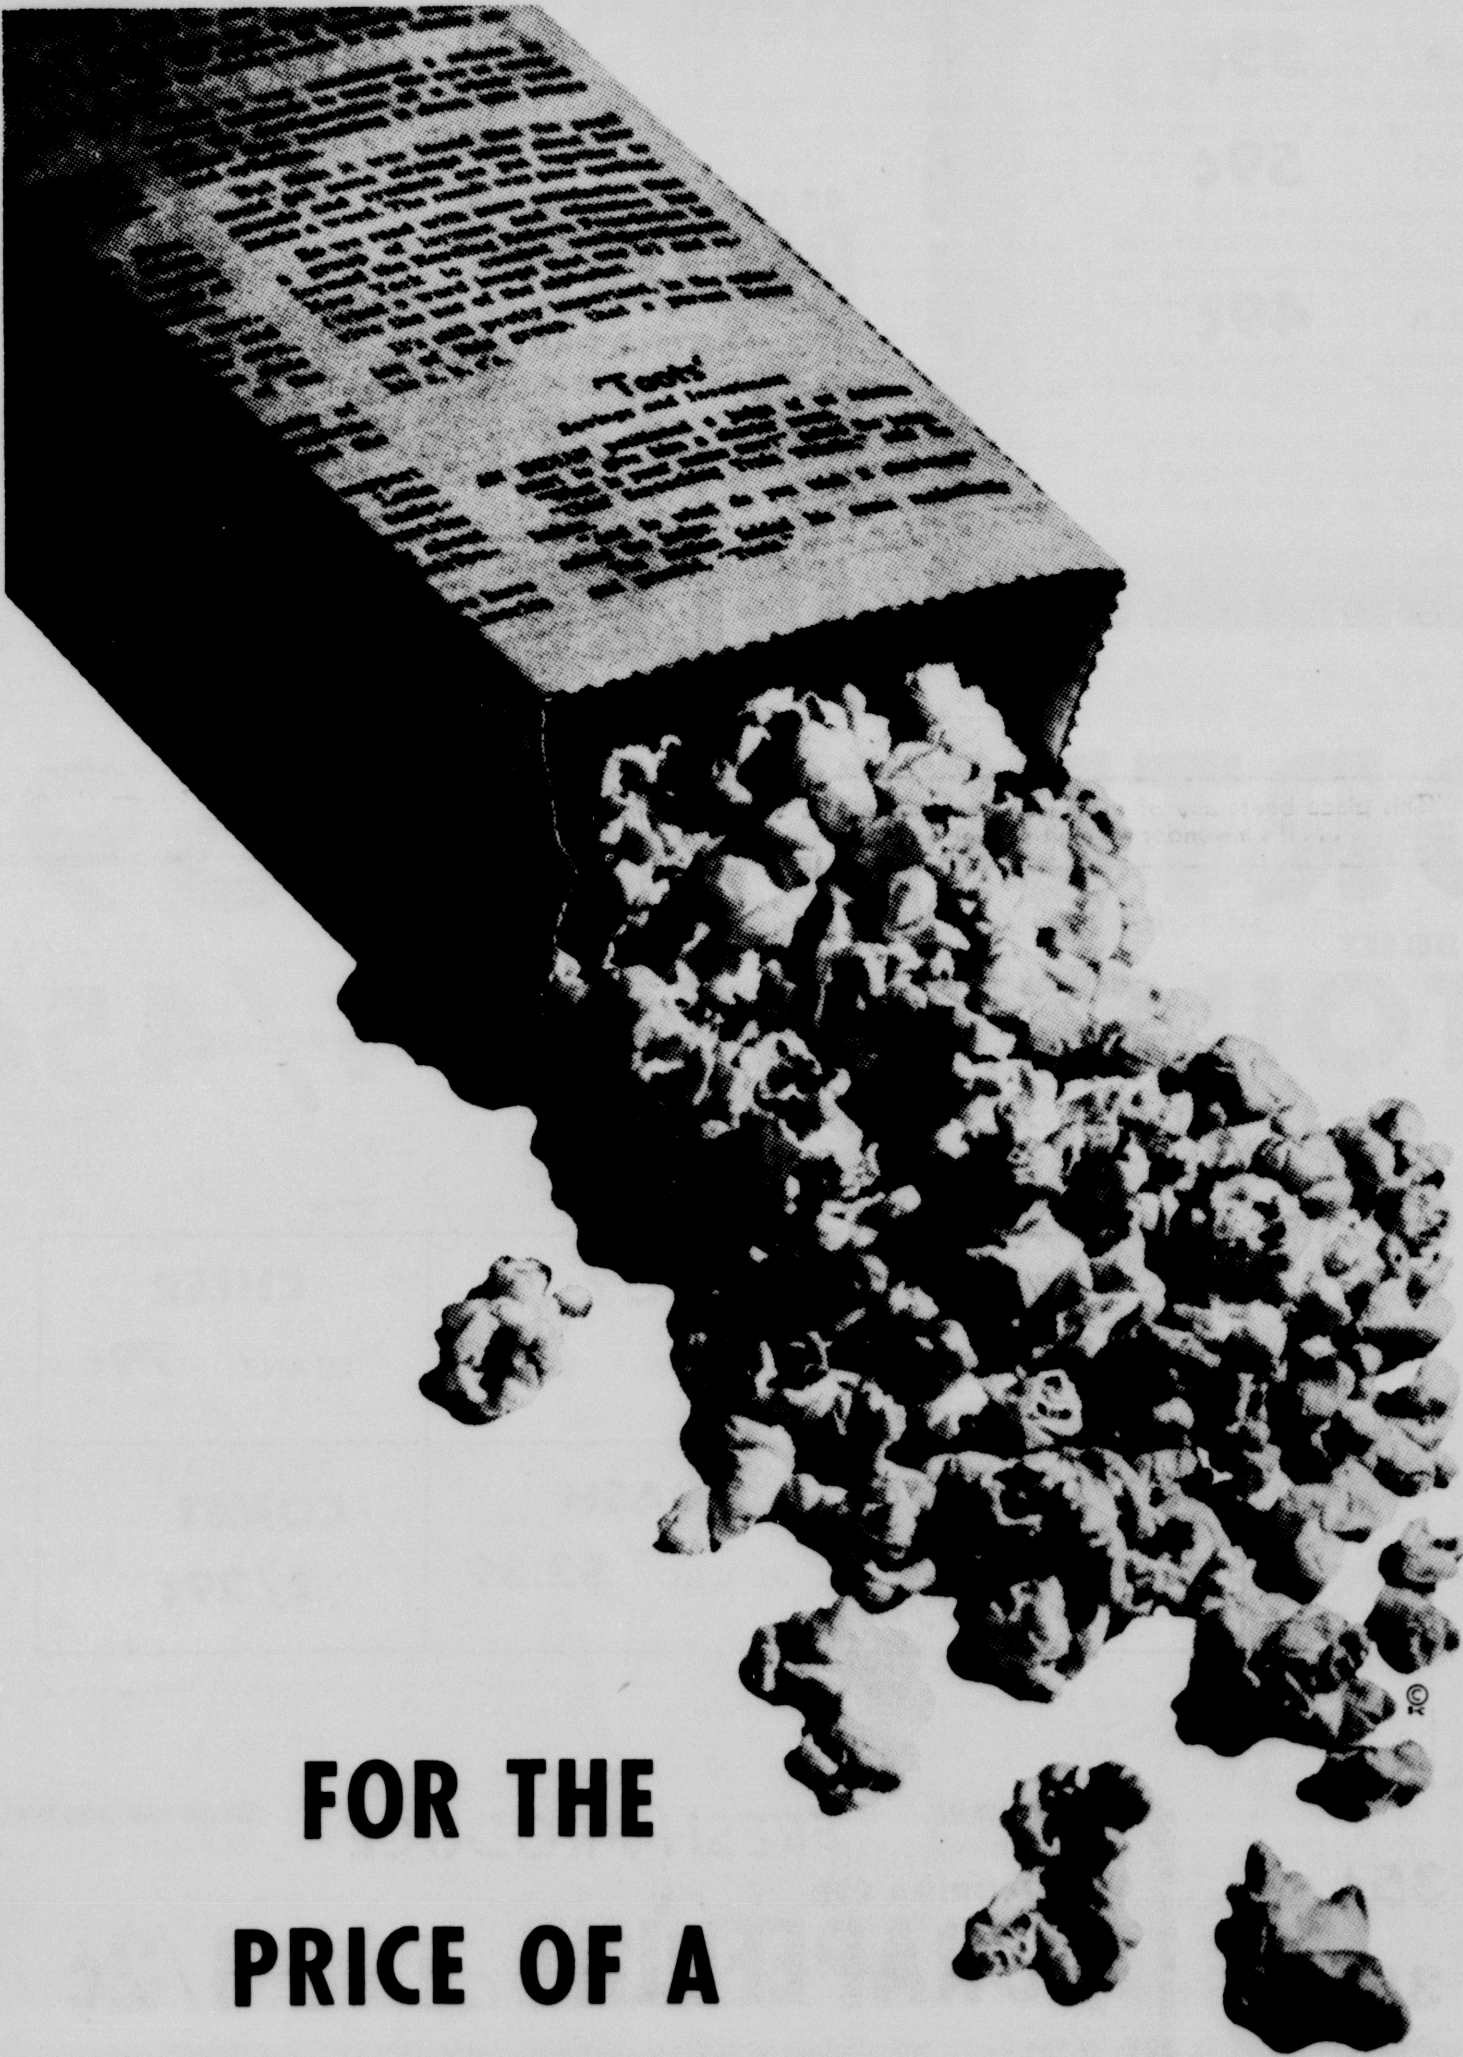

Funeral services will be held at 10 o'clock Thursday morning in LaGrone Funeral Chapel. Officiating will be Rev. Newton Starnes, pastor of Canyon First Methodist Church.

Burial will be in Dreamland Cemetery. Pallbearers will be Victor Hill, Newton Crain, Sam Hill, Slim Johnston, Lester Smith and David Horn.

Survivors include the husband of the home address; two sons, Gary Burum of Lamar, Colo., and Kite Lee Burum of the home; the parents, Mr. and Mrs. E. H. Noble of Seminole; and a sister, Faye, also of Seminole.

Harry Lisle, halfback for the Canyon Eagles was chosen player of the Week by the Canyon Eagles Booster Club.

Prairie...

(Continued from page 7)  
Have you bought a new hunting or fishing license since September 1? Don't go after those birds or the bass until you do because ALL non commercial Texas game and fish licenses expired last August 31.

Another point hunters might watch is the old bugaboo of hunting or fishing on another man's land without permission. Most landowners are more receptive towards the hunter and fisherman if they are politely approached in advance.

Then too, there is always the poor sport who throws trash wherever he goes, tromps fences and shoots near livestock. If you know of this type, it would do all sportsmen and landowners a favor to slow the old boy down in his rough-shod ways.

How many different types of wild duck can you accurately identify? "Accurately identify" is the key here. Even though the game and fish commission does most of the enforcement work, the Federal Fish and Wildlife Service sets the rules and regulations on hunting all migratory water fowl, and those rules ARE COMPLICATED.

We pass along the comment that duck, geese and crane hunters be certain of their species before they shoot. A mistake could be expensive, not to mention the possibility of killing a rare and nearly extinct type of bird.

KNOW YOUR DUCKS, an informative and illustrated bulletin put out by the Fish and Wildlife Service will be helpful in identifying those birds before the season gets underway. A copy can be gotten from the Regional Office of the Texas Game and Fish Commission in Amarillo. Their address is 3802 Bowie Street, Amarillo, Texas.

Another game bird that a surprising number of hunters have trouble with is wild turkey. Mistakes are often made in telling the difference between gobblers and old hens. Most folks tell the two apart by the beard that most gobblers sport. Trouble is some old hens have beards too. That can get confusing.

The best way to definitely tell a hen from a gobbler is by breast coloring. A gobbler is almost always black on the breast while a turkey hen's breasts are steel gray.

Game warden McDonough feels that quail hunting will be pretty spotty throughout most of the Panhandle. Weather conditions have not been favorable for bobwhite and scalies, he says. Antelope season in the Panhandle, which was just recently finished, was very good in Dallam, Hartley, Oldham and Potter Counties. "All I saw killed were in good shape and quite fat. Many probably field dressed about eighty pounds," he said.

Fall hunting regulations as quoted to us by game warden McDonough follow below.

Panhandle counties that are under game commission Regulatory Authority are: Armstrong, Bailey, Briscoe, Carson, Castro, Childress, Cochran, Collingsworth, Cottle, Dallam, Deaf Smith, Donley, Floyd, Gray and Hale, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lamb, Lipscomb and Moore, Motley, Ochiltree, Oldham and Parmer, Potter, Randall and Roberts, Sherman, Swisher and Wheeler Counties.

carry through to October 30. Bag limit is twelve per day and possession limit should not exceed twenty four.

Migratory waterfowl season for Geese and Brant ONLY, opens October 31, from sunrise until sunset and closes January 13, 1963. Bag and possession limits are five. Hunters may not have in possession more than two Canada geese nor more than one white-fronted goose or more than one Canada goose and one white-fronted goose.

Next season to open is Sandhill (Little Brown) Crane. It opens November 3 through December 2, in the area west of U.S. Highway 277 from its southern terminus in Del Rio, and Val Verde Counties, northward to its junction with U.S. Highway 87 in San Angelo, and Tom Green Counties; thence northwesterly along said Highway 87 to the Texas-New Mexico state boundary in Dallam County, from sunrise to sunset.

Bag and possession limits for Sandhill Cranes are two birds.

Wild turkey season opens November 16 and extends through November 29. Bag limit is two turkey gobblers per SEASON. Hunting for wild quail starts December 1 and ends January 16, 1963. There is a bag limit of twelve quail per day and a possession limit of thirty six quail.

Also opening December 1 is the wild pheasant season, however it ends on December 7. Pheasants may be hunted ONLY in Dallam, Hansford, Hartley, Hemphill and Hutchinson, Lipscomb, Moore and Sherman Counties. Bag limits will be two (2) cock pheasants per day and four in possession after the first day.

Deer season opens November 16, extending through November 29. Limit in the Panhandle is one buck per season. Be sure that your buck has antlers that are protruding through the skin and are hard.

Last season to open will be Ducks and coot, December 6 through December 30, from sunrise to sunset; EXCEPT opening day when shooting time doesn't start until 12:00 noon. There will be no open season on black-bellied tree ducks, redhead ducks and canvasback ducks. These are the ones the hunter should be sure he can identify.

Bag and possession limits on ducks and coots (excepting red-breasted and American mergansers) are two with not more than one mallard, nor more than two wood ducks, nor more than one hooded merganser.

In addition to this limit there may be two additional scaup ducks; possession limit of four of all kinds with not more than two mallards, nor more than two wood ducks, nor more than one hooded merganser, but in addition to this limit there may be four additional scaup ducks.

Bag limits on the Red-breasted and American merganser ducks are five in the aggregate (total) with a possession limit of ten in the aggregate.

We said it was complicated. If anyone is in doubt, the game wardens in their counties will have the latest and most accurate information.

As complicated as the regulations are on the taking of the ducks, it would well be worth the time invested in studying the regulations. The game regulations we have just shown are official ones supplied to us by our local game warden.

"...and when I grow up, I'm going to be a geologist too!" seems to be what little Scott Mulligan, 5, is saying to fascinated Neccia Hoskins who is 5 also. Tracy Mulligan, 3, seems more

interested in the refreshments. The scene is the Fall Picnic of the West Texas State College Geological Society held Friday night at the Palisades Park.

## Geologists Host Annual Steak Fry At Palisades

West Texas State College Geological Society Friday night threw a large steak fry at the Palisades Park near Lake Stockton. Jerry Mulligan, Secretary of the WT geology club, said it was a most successful outing.

Mulligan said the WT geologists hold two annual steak fries or barbecues, one in the fall and one in spring. He said more than 50 WT students, their friends, dates, families and faculty were served large sirloin steaks broiled over a charcoal fire with ranch-style baked beans, potato chips, breads, olives and a wonderfully good tasting chocolate cake.

Mulligan said club members had been selling tickets to the fall outing for several weeks.

They sold at \$1.50 a person with the promise that you could eat all you could hold.

Secretary Mulligan said the ticket sales usually pay about two-thirds the cost of the bi-annual whang-dings with the geology club paying the difference from club funds.

The outings are put on to give WT geology students and

students in other but related fields a chance to meet with one another. It also serves to inform new WT students about the geology club.

Mulligan adds that membership to the WT Geological Society is open to any student who is interested in geology or related subjects such as anthropology, archeology and paleontology.

## Tyson Hurt In Mishap

Harry Tyson, Head Trainer of the WT football team was injured in a two-car collision Friday night at the corner of 23rd Street and Third Avenue.

Tyson suffered head and scalp lacerations and was treated at Neblitt Hospital. He was re-

leased Saturday morning following the accident.

William A. Pipenger, Route 2, Canyon, was the driver of the other car. Pipenger was not hospitalized.

## Hilltop Views

A week ago tonight as this goes to press I attended an area Democratic rally at Borger, having been invited by the Hutchinson County Democratic Chairman, Mr. E.C. Snider, to participate humbly in the program.

I was glad to accept the invitation for two reasons: 1) my daughter Marion is District Clerk in that county and is a candidate for re-election on the Democratic ticket and has no opponent. The people of that county have been more than good to her and her three fatherless boys and I never miss an opportunity to show my appreciation. 2) I wanted to see and hear several of the top democratic nominees for state offices, among whom were John Connally for Governor, Preston Smith for Lieutenant-Governor, and Walter Rogers for re-election to Congress.

I am glad to tell my friends that I was well impressed with our team. I expect to vote the Democratic ticket straight. In saying this I intend no reflection on any Republican candidate. I have no doubt there are many good men among Republican candidates in Texas, but having been a student of history most of my life I am aware of the fact that through the years the Democratic Party has been the party of the masses, while the Republican Party has been managed, as a rule, by the classes. (There may be exceptions to this here and there, but the general rule holds). This does not mean that I approve all the Democrats have done or are now doing, but, in my opinion the Republican record as a whole is much less meritorious.

Getting down to particulars at Borger I came away from that meeting of several hundred Democrats from 12 counties with the following convictions about the current political race in Texas: John Connally is an able and fearless man. I believe he is sincere and has a good understanding of Texas problems. He has far more than ordinary leadership ability and will get along well with other departments of state government. The legislature will be overwhelmingly Democratic, and those who would elect a Republican Governor must know that if they should succeed (and I think their chances very small) there would be little team work in Austin and little accomplished for the good of the state.

I sometimes hear people talk disparagingly of Connally because of his relationship with Lyndon Johnson--and in the same connection I heard it said that Lyndon stole the Duval county vote in his race with Coke Stevenson for the Senate. I am not prepared to debate that proposition and I am not sure that one per cent of those who talk about it are prepared either. All of us know that there has been something rotten in Duval for many years and we therefore suspect any one who comes out of there with a majority of the votes, but as for knowledge of exactly why or how it happened--just why Lyndon got more votes than Coke--few of us have any absolutely conclusive evidence. I imagine Coke would have been glad to have gotten most of the votes and that the Republicans would like now to have them. Any way I have heard nobody contend that John Connally had any hand in the Duval mess.

As to Preston Smith for Lieut. Governor I knew him 20 years ago when he was a member of the House. He was a capable and faithful representative of the Lubbock District and took a broad view of state affairs. He uniformly supported West Texas State. He will be a good Lieut.-Governor.

Waggoner Carr gives every evidence of capability for the office of Attorney General. He is a loyal and aggressive West Texan.

Now a hard fight is being waged to unseat Walter Rogers, our present capable and honorable Congressman. I cannot see any just or justifiable reason to defeat him. By reason of his tenure in Congress he knows better than most anyone else in the Panhandle this country's problems and what it takes to solve them. He is honest, loyal and capable and is doing a good job. However able his opponent may be he is not qualified by experience to discharge immediately the pressing, critical responsibility that the Congressman from the Panhandle must face the day he is elected and every day thereafter.

As stated above, these observations are not intended to disparage any candidate for public office. I am simply thinking out loud and expressing my personal opinions. I have no quarrel with those who differ.

Changing the subject, I was impressed anew with the number and standing of W.T. exes in the Borger area. Foye Terry and O.C. Holt are county commissioners, Gene Mayfield is top coach of the Borger Bulldogs, J.C. Knowles is Assistant Superintendent of Schools and the list of teachers is too long to print here, M.W. Graves is County Superintendent of Schools, Marion Hill is District Clerk, and there are others whose names escape me at the moment. Yes, sir, I like Borger.

## In Answer To Hilltop Views

In the spirit of a free press, every man may have his say on the editorial pages of The Canyon News. However, the publisher of this newspaper also reserves the right to have his say. Dr. J.A. Hill, in Hilltop Views, has had his say. Now comes our say on the matter he discusses.

Dr. Hill is the venerated patriarch of Panhandle education. We respect and love him as such. To say that we disagree with his politics is to put it mildly.

Dr. Hill says the record of the Republicans is on the whole much less meritorious than is that of the Democrats. This is a general statement, not applicable to people running for office on the Republican ticket in Texas because none of these people have been involved in party policy making up to the present time.

Dr. Hill refers to John Connally as an able and fearless man. Dr. Hill, where was fearless, able John when Cuban patriots went up the beaches at the Bay of Pigs last year? Naval fliers under theoretical command of fearless John, then Secretary of the Navy, were standing by to give pledged air support to the invasion.

These pilots were denied the order which would have brought Fidel Castro crashing down from his Red throne in Havana. The promised air support was not given and Cuban hopes died on the point of Red bayonets. A word from Fearless John might have turned the tide.

You may say John Connally's wishes were over ridden by President Kennedy.

If so, why did this fearless man stay on as a member of the Kennedy cabinet? The truth of the matter is, he stayed in the cabinet until he was ordered by Lyndon Johnson to report to Texas to shore up sagging party fences.

Dr. Hill says the legislature would be overwhelmingly Democratic and nothing would be done for two years while Jack Cox serves as governor. Nothing being done might be a fine idea, Dr. Hill.

You know, Sir, that Texas has had some of the most corrupt legislatures in recent years to be found on this continent. A lot of this can be laid to the fact that this has been a one-party state and the chances of exposure has been held to a minimum by party hacks in government who have put party before country.

It's high time we do have a two-party system in which each party can help to keep the other honest.

As for Preston Smith, I have known and known of him for some time. I have nothing in particular against him, I just consider Bill Hayes a more capable man. As for Smith's purported support of West Texas State, I appreciate it. However, I do not feel that loyalty to one state institution is enough to qualify a man to be lieutenant governor of the entire state. Maybe Mr. Smith's experience better qualifies him for a job on the WT faculty.

I, like you, Dr. Hill feel that Waggoner Carr is the most capable man in the race for attorney general. Something may change my mind in the future but that is how I feel at the present time.

As for Walter Rogers, the theory of long tenure of office as a qualification for perpetuation in that office is, to our notion, a fallacy.

Rogers told me personally that he puts his influence and esteem among other Congressmen before his conscience. If Mr. Rogers cares to deny this allegation, we have a signed statement from witnesses who heard him say it.

Mr. Rogers is playing on the same team with Arthur Schlesinger who declared that the socialism is the answer to communism. For the edification of anyone who doubts this I have Canyon News pictures taken of Mr. Rogers on the campaign platform with Kennedy, Johnson and Ralph Yarborough.

I do not feel that the voting record or the actions of the incumbent congressman is in keeping with the best interests of the United States or the Panhandle. This is not a general statement. A part of the Rogers voting record is listed elsewhere in this publication.

Dr. Hill, we are happy to have presented your views. My political differences with you makes not one whit of difference in my warm personal feeling toward you. (T.M.)

by D. M. Lipscomb

## Your Better Hearing

NEW HOPE

Some time ago, we discussed the type of hearing impairment which could not be corrected by medicine or surgery. This type of impairment which is known as sensory-neural or nerve damage is the most common type of hearing trouble in persons over forty years of age.

The hearing mechanism is a most delicate and intricate thing. It cannot be handled or roughed up without considerable damage. The hearing mechanism is very tiny. The entire middle and inner ear could be placed in a thimble with room to spare.

Most experts have said that surgery would never be possible on the tiny inner ear (housing the nerve receptor portion). When this area is damaged, it was felt that nothing could be done but make a hearing aid recommendation.

There are others who feel that nothing is impossible in ear surgery. They work tirelessly on techniques which would make surgery a new hope for the millions of our citizens who have this sensory-neural impairment.

Two of the leading ideas for making surgical techniques work on the sensory-neural impairments have received some interest. Enough so, that I will attempt to discuss the two techniques briefly.

One technique utilizes the physical law of inertia. The government they want. If we show concern and work at governing ourselves, the persons elected to represent us will be more diligent in the discharge of their obligations.

If we take a lackadaisical attitude toward politics, that's about the kind of representation we're going to get. And that's what we'll deserve.

We admire people who take an active part in the affairs of their community and country. We have little respect for those who limit their participation to bellyaching.

To them we say: "It is better to light one candle than to curse the darkness."

originator of this procedure theorizes that a small weight placed on the stirrup (the small inner bone in the middle ear) would cause this bone to move with more velocity than previously. The added velocity of the movement would cause the ear to receive sound naturally and yet the sound would be amplified.

The other techniques were recently brought to my attention by Mr. John Shaver in Amarillo. Mr. Shaver is a counselor for the division of Vocational Rehabilitation. He reported that a doctor and professor in Lubbock have made application for an Office of

Dear Mr. Martin, I would like to congratulate the paper on its forceful to-the-point editorial (Just For Kinfolks) of Thursday last. It was something that had needed saying and the courage to do so seems to be lacking in other quarters.

Also, after wading through Farmer Schaffer's letter in the same issue, I feel that he has a bit of cheek in referring to you as muddle-headed. In his writing efforts I think Farmer Schaffer could well bear in mind this old prayer - "Lord, fill my mouth with worth while stuff and nudge me when I've said enough."

Very truly yours, Victoria W. Sims (Mrs. Fletcher Sims, Jr.)

Vocational Rehabilitation Grant in order to further their study of a new surgical technique.

The technique involved here is purely surgical. It involves creating a new pathway for sound to enter the inner ear. These researchers claim a good deal of success already in their work on cats.

In conclusion, I offered the above information as a source

Dear Mr. Editor,

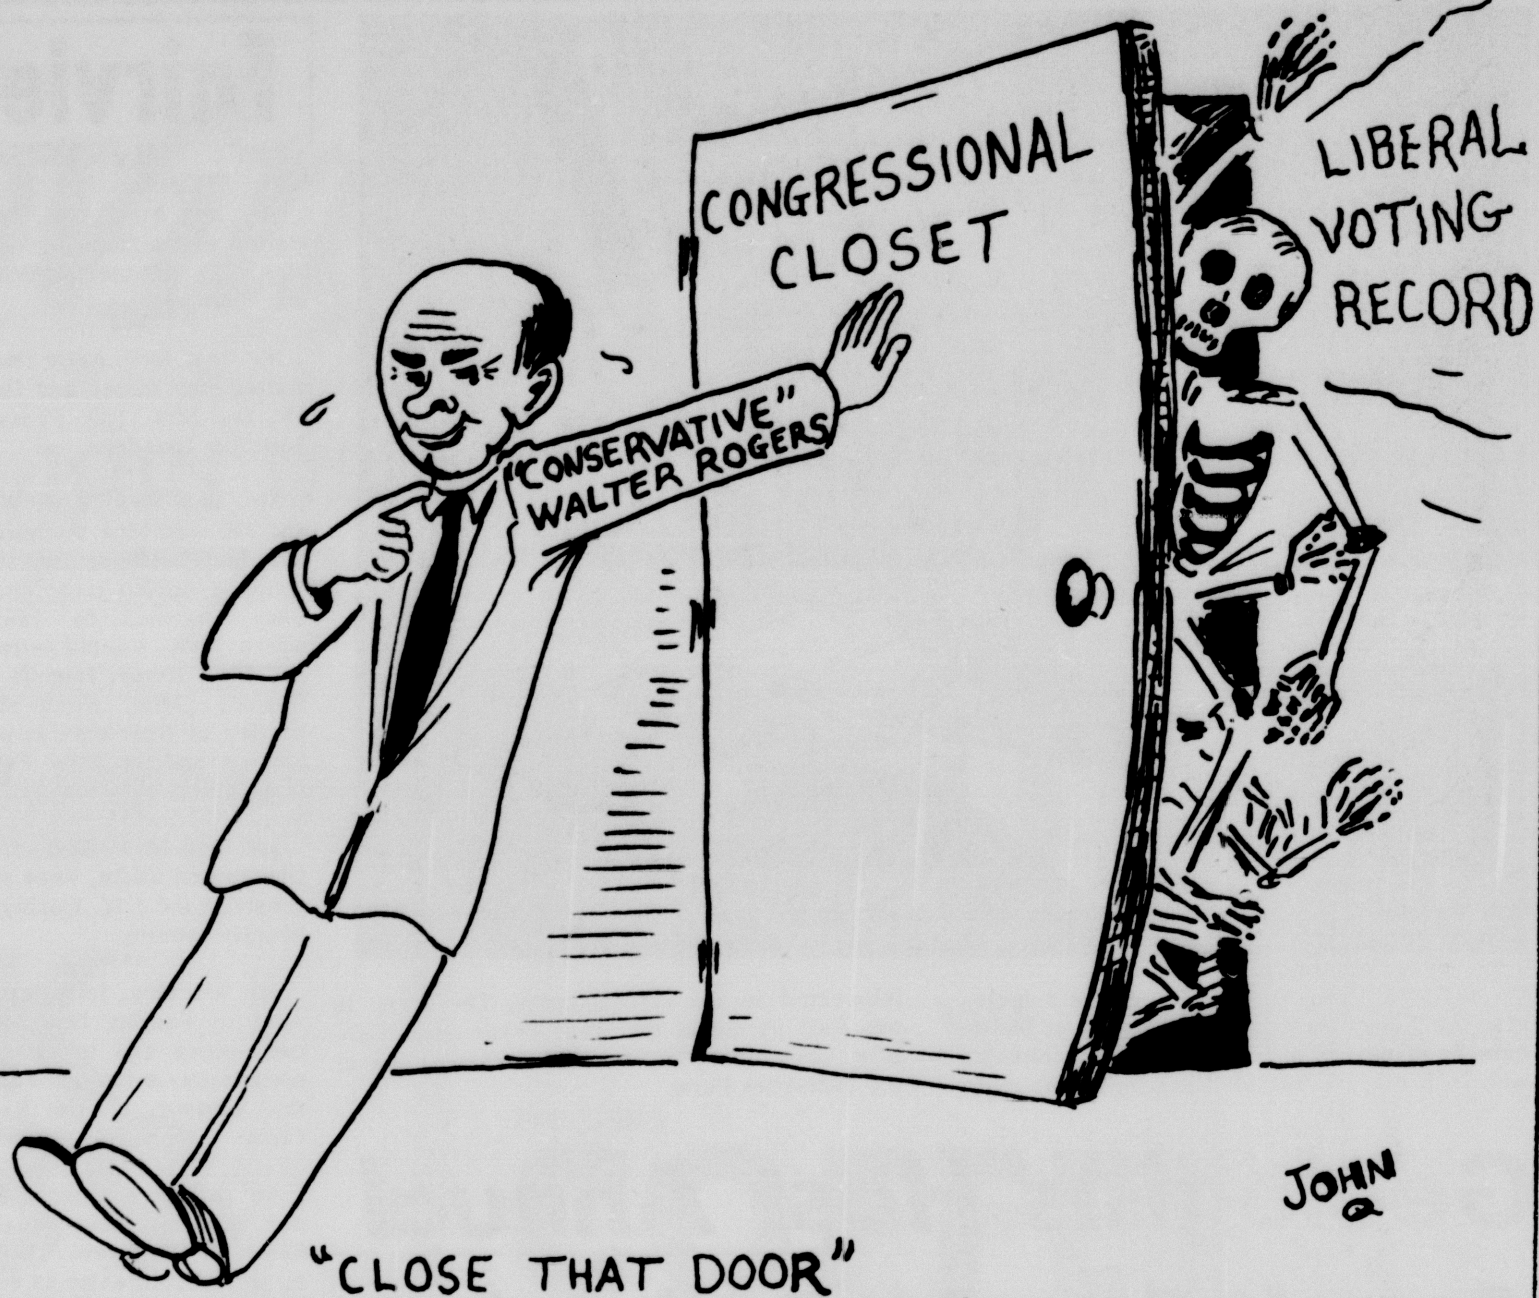

What is wrong with Canyon? Have we all forgotten our traffic rules? Every year there are drives on holidays to combat traffic tragedies. In Canyon lately there have been several accidents. Is it carelessness? Do we look when we dart out into traffic?

I don't think we can blame it on any age group. I've heard some people say it's because college is in session, but is this really true? Do adults drive any better than teenagers? At the age of 17 and 18 our mental and physical reflexes are at their highest peak. Lately we teenagers have forgotten our rules though. We all need to pull together to preserve the life, liberty, and pursuit of happiness of everyone in our wonderful country.

I am a student of Canyon High School and as a citizen of this city I feel now more than ever in our busy life we ought to have a personal drive within ourselves. Before you get into your car with its many safety devices, put your life into the hands of our Lord and Master. Ask Him to keep you safe and then help Him by driving safely.

Yours sincerely, "Concerned"

of new hope for the future. Please do not misinterpret this information as meaning you can be helped right now. Both of the new techniques discussed are yet in the experimental stages and will remain so for some time to come.

## NATIONAL PHARMACY WEEK OCTOBER 7-13

### THE CANYON DRUG

1519 4TH AVE.

OLS-2116

by Troy Martin

## FROM THE CANYON RIM

The state Democratic platform this year has a plank which originated with The Canyon News. It was incorporated into the platform by John Connally at our suggestion.

The plank to which we refer is the one which calls for separate boards of regents for all state colleges -- such as West Texas State College.

We suggested this measure to both Connally and to Jack Cox, Republican candidate for governor. It was warmly received by both candidates.

We appreciate Connally's assistance in this matter. Some may think us ungrateful for our opposition to his candidacy for governor.

We oppose his candidacy because of his entanglement with the New Frontier. We must continue to oppose that candidacy because we firmly believe that the New Frontier is leading us to the brink of outright state socialism. We oppose state socialism.

A lot of folks misunderstand the reason for editorial and column comment in newspapers. It is not meant to bludgeon people into a stereotyped mold of thought, but is intended to provoke study and concern. Information is available to the public (especially in Canyon) on almost every subject under the sun.

If folks think and will avail themselves of that information, they will make right decisions.

Primary function of a newspaper is news.

Mrs. Jean Harper, our society editor, says she remembers vividly the reasons her father gave for being a

member of the Democratic party.

"Because of its respect for the rights of the individual, reverence for the Constitution and the realization of the sovereignty of the individual states," she quotes him as having said.

We learned this week that some wheat farmers have to wait for permission from the federal government before they can turn cattle onto wheat pastures this year.

H. M. Baggerly, editor down at Tulsa, is obsessed with the groan which ran through the Senate when Ralph Yarborough rose to speak on the sugar beet bill. He's made a goodly payment on a long distance circuit to Washington getting testimony that it didn't happen.

He could have made one call to Canyon and verified that it did happen.

Rev. James Dunn says he was in the Senate when it took place. The Senate was preparing for a visit from the prime minister of Great Britain at the time. Yarborough rose to speak and Rev. Dunn says a preceptible groan ran through the Senate. They did too groan, H.M.

It is time for concern about our government. We urge everyone to take an active part in politics for the next few weeks.

If you believe, for instance, that Walter Rogers should be returned to Congress. Work for him and support his campaign financially.

If you believe Jack Seale should go to Washington in the place of Rogers, work for him and toss in some money for his support.

People get about the kind of

## GO JET-SMOOTH '63 CHEVROLET - IT'S EXCITING!

Mrs. Herbert Friemel adds the glass plate cover to the prepared cabbage. It will now be allowed to sour in a cool place for about five weeks.

Mrs. Conrad Westhoff compresses the cabbage while Mrs. Joe Wieck adds more to the clay crock.

Mrs. Sigfried Bolte and Mrs. William Bauer of Umbarger are shown cutting whole cabbages into quarters, preparing them for shredding into sauerkraut.

Miss Helen Ullrich, of Umbarger is shredding the cabbage quarters on a long table-like shredding rack.

En Mit Der Sauerkrauten !

## Umbarger Women Making Ready For Fall Festival

By JIM THOMAS

The old ways are not gone at Umbarger—at least not the old way of making sauerkraut.

The Herbert Friemel family of Umbarger was host to a sauerkraut bee last week at their garage which overlooks Buffalo Lake.

With the annual Umbarger Fall Festival coming up in about five weeks, the women of Umbarger gathered at the Friemel garage to prepare several hundred gallons of the good food.

Watching with obvious fascination while the process was going on, Mrs. Friemel explained the whole method to us.

We saw first a large pile of whole cabbages fresh from the field from which the ladies would take one, peel off the green outer leaves and take out the hard sour core.

The next step was to cut the heads in quarters and hand-shred them on large screen

shredders mounted on a long table-like rack. The shredded cabbage is then weighed in 10 pound batches, 7 tablespoons of salt were added and the cabbage poured into 20 gallon clay crocks.

One of the ladies pushed and squeezed the cabbage with a large wooden mallet as it was

poured into the crock. She kept at it until the juices came to the top.

A circular glass plate, cut to fit the clay crock was laid on the shredded and pressed cabbage and another crock, this time a ten gallon one full of rocks, laid on the glass, compressing the cabbage until the

juices came to the top.

The cabbage is then allowed to sit for four or five weeks, five weeks in this case, because that's how long it was until the coming of the Fall Festival, and after this period,

the cabbage is removed from the crocks ready to be enjoyed. It comes out as old fashioned tasty sauerkraut.

### New Books At Library

Twelve new books have recently been received at the Randall County Public Library.

Juvenile books are:

Window on the Sea . . . . . Adrian Stoutenburg  
Hi Tom . . . . . Nanda Ward  
The First Woman Surgeon . . . . . Iris Noble  
The Tin Goose . . . . . Gene Olson  
Two Worlds of Davy Blount . . . . . Thelma H. Bell  
Weeks and Weeks . . . . . Mable Watts  
Plop Plop Ploppie . . . . . Elizabeth Olds

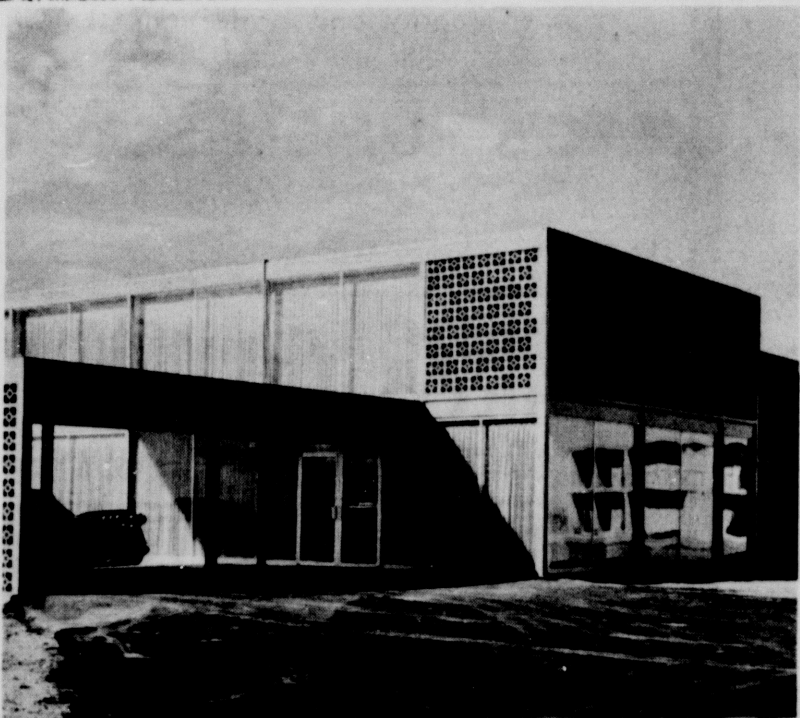

Adult books are:

Brazil, Life World Library . . . . . Elizabeth Bishop  
Portrait in Brownstone . . . . . Louis Auchincloss  
Anthology of Children's Literature . . . . . Edna Johnson, Co.  
Window on the Square . . . . . Phyllis Whitney  
The Sound of Cow Bells . . . . . Jerome Weidman

# School Lets Women Fashion Own Hats

A millinery course instructed by Mrs. Vera Whitmire of Fort Worth was held last week at the Episcopal Church.

Mrs. Whitmire was brought here through the efforts of Mrs. W.E. Parker, manager of Dan's Fifth Avenue, and Miss Sally

Fields, Randall County home demonstration agent. She is employed by an importer who supplies Dan's Fifth Avenue with materials, and her services are available to any store buying from this importer.

The classes were well attended, and plans are being made for a course on spring hats during the latter part of winter. More than 50 participated.

The classes were well attended, and plans are being made for a course on spring hats during the latter part of winter. More than 50 participated.

by Mary Caballero

Did you know that Dr. Albert Einstein once made the statement that "imagination is more important than knowledge..." Actually it is assumed that knowledge can be more powerful when creatively applied.

From the source "Applied Imagination" by Alex F. Osborn, it is indicated that an electronic brain can now perform three mental duties: (1) the absorptive--the ability to observe and to apply attention (2) the retentive--the ability to memorize and to recall, and (3) reasoning--the ability to analyze and to judge; but no machine has the ability to visualize, to foresee, and to generate ideas.

Most housewives work their imaginations far more than most husbands do. The man's job is usually routine, while the woman is on her own almost every day. Few women realize how much creative power they have to use, but it is used in daily shopping, thinking up meals, in rearranging the furniture, in getting her youngsters to do this and not to do that!

"To be extremely intelligent is not the same as to be gifted in creative work," wrote Dr. L.L. Thurstone. "Students with high intelligence are not necessarily the ones who produce the most original ideas."

History records that many great ideas have come from those devoid of specialized training in the problem involved.

The telegraph was worked out by Morse, a professional painter of portraits. The steamboat was thought up by Fulton, likewise an artist. A school teacher, Eli Whitney, devised the cotton gin.

A Mr. John Gast who couldn't make his ranching pay, looked at his land and thought, "Even a weed can be pretty when you look at it the right way. Dressed up, it might even become a thing of beauty." As an experiment he silvered some eucalyptus and smoke-tree branches, and a Los Angeles store snapped them up for window decorations. He makes an estimated \$50,000 a year out of weeds which others find a nuisance.

Try new things, have fun, build a better mouse-trap, and put your imagination to work! And while you are imagining, can you think of a word that rhymes with silver???

## Ceramics Business Pondered

Canyon Zoning Board of Adjustments met Monday evening to consider an application for a ceramics business in the home of Gilbert Ray, 2602 12th Avenue in Canyon.

The ceramic shop is to be a retail outlet for ceramic supplies, ceramic articles and a place of instruction in ceramic techniques.

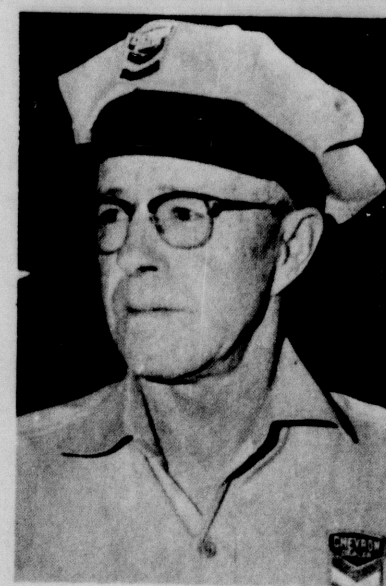

Board members said that before they could approve Ray's application he would have to get the approval of all property owners within three hundred feet of his residence and then only with the stipulation that Ray's operation be limited to his existing garage.

Board members felt this action was in keeping with precedents already set in board action on previous requests for other small businesses in the home.

Repairing toys for the Panhandle Catholic Children's Home is a pleasant hobby for J. W. Schwaller of 408 Foster Lane. He is shown here welding a new axle onto a toy wagon in his workshop-garage.

### Canyon Man Is Santa's Helper In Fixing Toys

One of Santa's helpers in Canyon is starting early this year. He is J.W. Schwaller of 408 Foster Lane.

He was asked by Monsignor John Steinlage, pastor and administrator of the Catholic Children's Home in Panhandle, to repair and make useable the broken toys of the children who live there.

For three weeks now Schwaller has been rebuilding, replacing and repairing broken wagons, bicycles, tricycles and

other toys that belong to the children.

Periodically he goes to the home, loads broken toys in a trailer and takes them to his well-equipped workroom in his garage.

There he welds broken axles, replaces bent and missing wheels and straightens parts so as to make the toys useable again.

There are about 50 children at the home ranging from infants to teenagers. Schwaller

### YOU'RE IN THE ARMY NOW

says he enjoys repairing the toys for the children.

Originally from Milford, Iowa, Schwaller moved to Nazareth in 1931. He was in the ranching and farming business there.

### Six. . .

White holds the B.A. degree from Texas Tech and the M.A. from WT.

Mrs. SoRelle, who has been working toward her doctorate at the University of Denver, has completed all requirements except the dissertation for the Ph.D. She holds the B.S. and M.A. degrees from WT.

Mrs. SoRelle, who taught for several years in high schools, is author of an article on television viewing, which appeared in the Journal of Educational Research.

Williams, who attended the University of Arizona, holds the B.S. degree from WT and the M.E. degree from Texas Tech.

### News Notes From The

#### RANDALL COUNTY FARM BUREAU

A date to remember for all good Randall County Farm Bureau members--October 18th. On this date at 8:00 p.m., Thursday, the Randall County Resolutions Convention will be held.

The Resolutions Committee has met and has a number of resolutions to present at this meeting for approval of the membership. The Resolutions approved by the membership of this county will be referred to the State Convention to be held in San Antonio on November 12-13-14.

Fire Prevention Week has been proclaimed by the President of these United States for October 7 thru 13. FIRE IS PUBLIC ENEMY NO. 1. Fire Prevention is your job too. Let each of us do our job by checking points of hazard around our farm property, and stop Fires before they start.

Your Farm Bureau has available a few Dry Chemical Fire Extinguishers which you can purchase. Having one of these extinguishers can save you many hundreds of dollars lost because of not being able to control a small fire. And those of you who do have them, please check them this week to be sure they are in working order.

About a month ago, The Canyon News Issue of September 13, this column reported on the Brucellosis Program in Randall County. Petitions are being circulated again to qualified cattlemen of the area. One of these petitions is located in the Farm Bureau Office, and those of you who desire to sign this petition for Control and Eradication of Bovine Brucellosis are invited to do so.

Your Randall County Farm Bureau Board of Directors in their monthly meeting, Thursday, October 4, discussed the status of membership for this year. All of the Board of Directors present took some of the names of us who hadn't paid our dues. Our quota is 480 members and our goal is 500 members. As of October 4 we had a paid membership of 436, and as of this date, October 8, an additional 12 have come in. This then gives us a paid mem-

bership of 448.

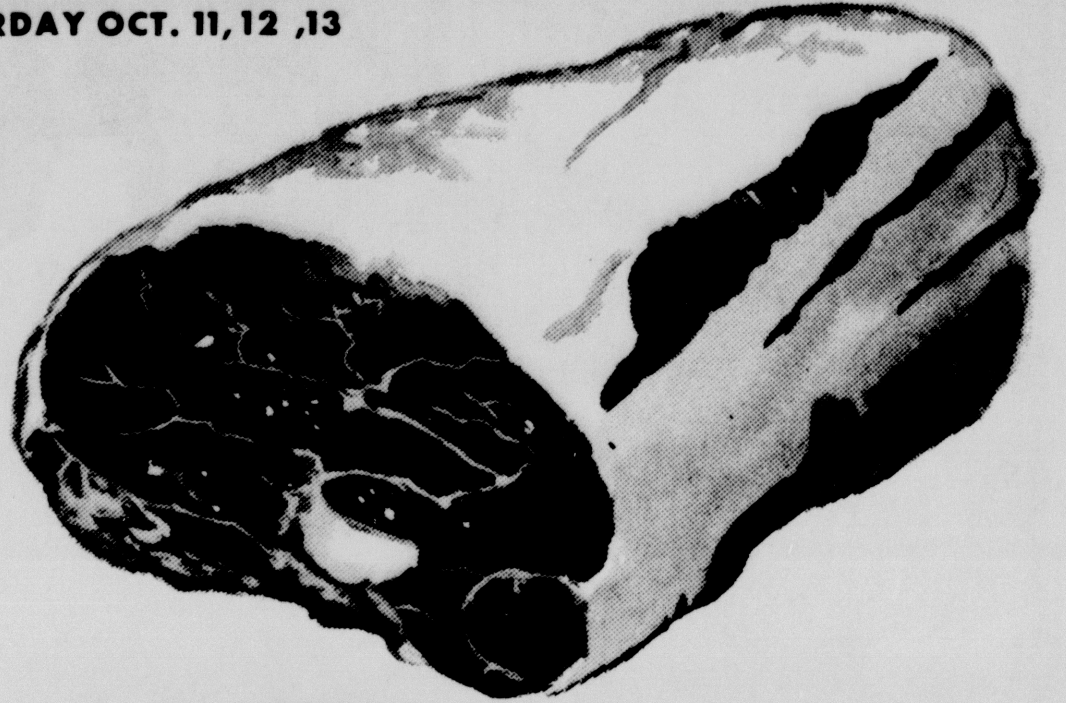

There are still several memberships outstanding for July and August, seven for September, and 27 for October. We need these memberships in by October 31. Your cooperation in this matter will be greatly appreciated. Remember our voting delegation at the State Convention is determined by our membership total. Let's exceed our quota this year! If you know of one of your neighbors who should have a membership in Randall County Farm Bureau, please call the Office Secretary and contact will be made.

A real estate agent (Barbara Billington of Hereford) gives a check to Elliott Nash (Gary Wyatt of Dimmitt) in "The Gazebo," a comedy playing Thursday, Friday, and Saturday at 8:15 p.m. in the Branding Iron Theatre at West Texas State College. Director is William A. Moore.

## Button, Button Whose Got A Button

# Woman Collects Buttons From All Parts Of Globe

By GLENN WILSON  
"Richman...poorman...beggarman...thief! Doctor...lawyer...merchant...chief!"

Young girls, if you begin naming Mrs. Carl Smith's buttons to determine the man you'll marry...well...you just might be a spinster before you finish. You see, Mrs. Smith of 2008 9th Ave. has in her collection about 7000 buttons!

Now please, gentlemen, don't turn to the sports page just yet...even though you aren't the least bit interested in buttons, maybe you can tell us the model of the car pictured on a small metal button. We are guessing it's the very first car manufactured. There are also brass overall buttons embossed with railroad trains and trolley cars. We're sure some of you could tell us about these. Then there's the clipper ship, the chainmakers, the sickle and the wheat...And do any of you remember the solid iron ball buttons used on soldiers uniforms?

We suppose you hunters could spot the prairie chicken in the lovely floral pattern on one metal button, much sooner than we did. You'll see the lion on a cliff...the beautiful deer...a ro-

oster perched on a shock of feed...a cat reaching high on a fence for a tiny bird. We know you wouldn't want to shoot at the graceful swan under a bridge, or the bird on a window sill; the stately eagle with a ball in his beak. But you'd want to take along the handsome dog whose head is molded in brass. And though you'll hurry past the bee-hive, you might swat at those horrible bugs, or the common house fly... Don't forget, we are describing Mrs. Carl Smith's button collection.

Famous fables and stories are illustrated by copper and brass buttons worn on women's dresses and coats around 1880, the old favorites, "William Tell," "Red Riding Hood," "The Pied Piper" and "Robin Hood Crusoe." For the children, there's "Bo Peep," "Simple Simon," "Tom Thumb," and "The House That Jack Built." Opera lovers are not to be overlooked for there is depicted Puccini's "Madam Butterfly," and the arrival of Lohengrin in a swan drawn boat from Wagner's opera, "Lohengrin." For scientist and astronomers there's Hally's Comet, the crescent moon, and

the Evening Star.

One needs to know his history as he browses through this button collection; for he'll see Balboa discovering the Pacific; On a 13th century button there's "The Sentinel of Cracow" (Poland warning the people of the advance of the Tartars). There's George Washington, Abraham Lincoln, McKinley and Teddy Roosevelt, Knights in Armour and ships at sea; Greek Gods, and geometric designs. One interesting button pictures a young girl on an ancient coin with her hair arranged in the modern pony tail.

Do you know that button collecting is the 3rd largest hobby in the United States? Mrs. Smith's collection was started by her mother, Mrs. Nancy Boyles McCune in 1875. One of her most treasured buttons is carved of bone and was given to Mrs. McCune from the dress of an English bride. It is 165 years old. 1800 buttons were passed along to Mrs. Smith by her mother; and Mrs. Smith had added 1200 to the collection by 1947, when she left off collecting a while, and started the Smith Doll Hospital in Canyon. After operating the hospital for 11 years, Mrs. Smith resumed

her button collecting. From where, and from whom, has she collected the 7000 buttons with no 2 alike?

From almost every state in the union, and from many foreign countries have come buttons from friends, and from many people whom she has never met. Servicemen have sent buttons from Japan, Germany, France, England and Italy. Buttons have arrived from China and Czechoslovakia, Spain, and Mexico. Many were selected at random from antique shops, and old clothing stores. A prison guard in New York City cut one from his uniform; a young boy pulled a button off his shirt at a party and gave it to Mrs. Smith; a soldier from an island off the coast of Spain sent a lacy metal button. A little 2 year old cut a tiny pearl button from her birthday dress; a street car driver in Pueblo, Colo. yanked one from his coat. Many came from attics, and one from an old Spanish house being demolished in New Mexico.

The oldest button in the collection is a white cameo or milk glass pilgrims head mounted on brass.

The buttons are made from wood, metal, bone, glass, ivory,

pearl and glistening jet. The largest is 4 1/2 inches; the smallest is 1/8 inch.

The Smiths have lived in Canyon the past 16 years. Besides collecting buttons Mrs. Smith makes dolls. She is very grateful to all who have contributed to her button collection. If you have not met these friendly people--please do. You will find they have 10 children, 27 grandchildren 12 great grandchildren, and 7000 buttons!

## Center Has Fall Party

Church of Christ Bible Center on West Texas State Campus held a wiener roast at Palo Duro Canyon Friday, October 5. The group played volleyball, and held a short devotional after eating.

Approximately 24 students attended. Sponsors for the outing were Mr. and Mrs. Gordon Downing.

Had a party? Or giving one? Tell The Canyon News about it. Telephone OL5-2141, or stop by the News office on the west side of the square.

MRS. CARL SMITH

## Plans Being Made For WT Homecoming

Traditional Homecoming activities have been planned for the annual West Texas State College celebration here Oct. 20, when thousands of students and ex-students join for a day on the campus.

Main events which have been held for many years will be club teas, smokers and reunions, a parade through Canyon, a barbecue, a football game, and a Homecoming dance following the game.

Silver anniversary reunion of the Class of 1937 is scheduled, along with a joint reunion of the classes of 1947 through 1951. About 100 members of the 25th anniversary class are expected, and approximately 1000 members of the other five classes will be on hand.

West Texas State students will prepare for Homecoming with a "Western Day" celebration Oct. 19, when the Homecoming assembly is scheduled at 11 a.m. The program will be televised over KCNC-TV. Students will dress "western" on Friday.

Events open Saturday with registration from 9 a.m. until noon in the Student Union Building. Club teas and smokers will be held from 9 a.m. until 3 p.m.

The parade, featuring floats, riding clubs, and area high school bands, will follow a theme "Song." Entries will be listed with the Student Senate. The parade starts at 3:30 p.m.

With Walter Jetton of Fort Worth catering, the barbecue is scheduled at 4:30 p.m. on the old football field. Tickets cost \$1.25 each, and students may exchange a punch on their meal ticket for one barbecue ticket.

Closing out the day's events will be a football game at 7:30 p.m. in Buffalo Bowl between the Buffaloes and the New Mexico State Aggies, and a dance from 10 p.m. until 1 a.m. in the Student Union Building.

The Class of '37 will be honored at a coffee and reception Friday night, and will begin registration at 8:30 a.m. Saturday in the lounge of the Fine Arts Building. Presiding at a program will be the class president, Orville Cunningham of Samnorwood.

## Arthur Lamb Is Speaker

Arthur Lamb, attorney from Amarillo, gave a talk to the Canyon Lions Club last Wednesday noon.

Talking on The Validity of American Ideals, Lamb pointed out to the Lion Clubbers, the difference between democracy and communism. He said democracy calls for individual initiative and personal freedoms whereas under communism there is no individual freedom.

The class will have luncheon in the Blue Room of the cafeteria before touring the campus in the afternoon.

All students in the school during the years of the reunion classes are welcome to attend the reunions, whether or not they were graduated, according to Milton Morris, executive secretary of the WT Ex-Students Association.

The classes of 1947 through 1951 will be honored at a dance Friday night at the ballroom of the Vic Mon in Amarillo. Members will begin registration Saturday at 8:30 a.m. in the lounge of the Student Union Building, with a box luncheon at noon.

A business meeting of the Ex-Students Association is scheduled at 2 p.m. Saturday in the auditorium of the Fine Arts Building. New association officers will be presented.

## Geological Students Act As Guides

Members of the West Texas State College Geological Society served as tour guides Sunday to a group of "rock-hounds," persons interested in minerals and gem stones, from the annual Gem and Mineral Show sponsored by the Golden Spread Gem and Mineral Society of Amarillo.

The geology tour started at the park gate at 11:00 A.M. Tour guides were Jerry Mullican, Jim Conner and Charles Shermans. The tour included portions of the regular geology club tour route.

The WY geologists annually sponsor guided tours of the huge canyon for the education

## SCD News

The ideal soil has a deep rooting zone from which plants can take both water and nutrients. This zone should be at least 18" deep. Most plants will do better if it is thicker, even 4 to 6 feet. A shallow soil cannot hold enough water and nutrients to keep plants growing at their best.

The ideal soil is loamy in texture. That is, it consists of a favorable mixture of sand, silt and clay particles. Sands take in water readily but only retain a small part of it. Clay holds a great deal of water but unless it is handled carefully it tends to become hard and massive in structure when dry.

The ideal soil has good structure. The particles of sand, silt and clay are grouped into granules or crumbs permitting water to enter easily, roots to penetrate deeply and air to move in and out freely. The surface is moderately cloddy not fine and dusty when worked.

The ideal soil contains much organic matter in various stages of decomposition. It also contains many micro-organisms, and larger organisms such as earthworms, that help decompose the organic matter. In the process they release nutrients for use by the plants. The partially decomposed materials that make up humus produce a stable granular structure in the soil.

The ideal soil has an adequate and balanced supply of nutrients for the plant to be grown. It also has the proper reaction, acidity or alkalinity, for the plants to be grown.

benefit of high schools and other interested groups in the Panhandle area. These tours usually take place in the late spring.

By Jamie Martin

## AROUND THE TOWN

(With Kids)

In my item last week about Cub Scout House I said, "All they need now is a television!" Well, that sentence got results. A few days after the paper came out a lady who had read they needed one, gave them a portable TV.

...  
Dan and Janet Gerald are out of the hospital. Dan was in the hospital only a short time. Janet has been out about a week.

...  
At the elementary school the fourth grades are electing candidates for president of the Student Council. Later on they will elect a representative from each class. They will serve till mid-term in January.

Branda Shell, Martha Skys, Steve Cataldi, Debbie Gorden, Randy Costley, Mary Ann Lindsey and Jeanett Thomas put on a play about Norway in their schoolroom.

RIDDLE  
The more you take away, the bigger it gets. What is it?

...  
Answer to last week's riddle: It's shadow.

...  
Kenneth, Kathy, Karen and Kevin Pettit, Craig Parker, Curt O'Donald, Terry Crow, and Jim Reed have discovered a new sport. They haven't thought of a name for it yet though. They put baseball gloves on roller skates and get on them and roll them down the drive-way.

meet Tempest '63...today!

\*Optional at extra cost

# how's this for exploding the myth that cars have to be expensive to look it! Tempest '63

Maybe you can tell the difference between Pontiac's Tempest (especially that Le Mans) and the high-priced jobs. Besides having a 4 that acts like a V-8, Tempest sports a new 260-hp V-8\* that acts like nothing you ever got your hands on before. And besides its beautiful balance, Tempest has Wide-Track this year. And self-adjusting brakes and a tachometer\* and fetching style and all kinds of niceties that'll make your Tempest smoother and tougher. About all it doesn't have is a big fat price tag. Vive la difference! Pontiac Tempest
